

Health Insurance Information

You are required to purchase private health insurance before your immigration documents can be issued. Your health insurance plan must meet the following requirements set by the U.S. Department of State:

- a. Coverage for the duration of your internship
- b. Medical benefits of at least \$100,000 **per accident or illness**;
- c. Repatriation of remains in the amount of \$25,000;
- d. Expenses associated with medical evacuation to the home country in the amount of \$50,000; and
- e. Deductible not to exceed \$500 per accident or illness.

You may purchase health insurance from a company in your home country or in the U.S., as long as it meets the minimum requirements and the policy is translated in English.

Below is a list of companies in the U.S. with health insurance plans offered to international students and/or visiting scholars. Please check the websites and communicate with the insurance company to determine that all requirements are met before purchasing a health insurance plan.
