Consent (as it relates to sexual activity) (Okla. Stat. tit. 21 § 113)	<p>The term “consent” means the affirmative, unambiguous and voluntary agreement to engage in a specific sexual activity during a sexual encounter which can be revoked at any time. Consent cannot be: (1) Given by an individual who: (a) is asleep or is mentally or physically incapacitated either through the effect of drugs or alcohol or for any other reason, or (b) is under duress, threat, coercion or force; or (2) Inferred under circumstances in which consent is not clear including, but not limited to: (a) the absence of an individual saying “no” or “stop”, or (b) the existence of a prior or current relationship or sexual activity.</p>

University Definition of Consent

The University uses the following definition of consent in its sexual misconduct policy for the purpose of determining whether sexual violence (including sexual assault) has occurred:

Consent is the act of willingly agreeing to engage in sexual contact or conduct. Individuals who consent to sex must be able to understand what they are doing.¹ Consent is informed, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable permission regarding the conditions of sexual activity. Consent to one form of sexual activity cannot imply consent to other forms of sexual activity. Previous relationships or consent does not imply consent to future sexual acts. Consent cannot be procured by use of physical force, compelling threats, intimidating behavior, or coercion.

Risk Reduction

¹ For incidents occurring on or before August 14, 2020, the definition of consent includes the following: “Under this policy, “No” always means “No,” and the absence of “No” may not mean “Yes.””

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Consent is a clear and coherent yes, not an absence of no; silence and passivity cannot be interpreted as an indication of consent.
- Understand and respect personal boundaries.
- Don't make assumptions about consent; about someone's sexual availability; about whether they are attracted to you; about how far you can go or about whether they are physically and/or mentally able to consent. If there are any questions or ambiguity, then you do not have consent.
- Mixed messages from your partner are a clear indication that you should stop, defuse any sexual tension and communicate better.
- Don't take advantage of someone's drunkenness or drugged state.
- Realize that your potential partner could be intimidated by you, or fearful of you. You may have a power advantage simply because of your gender or size. Don't abuse that power.
- Understand that consent to some form of sexual behavior does not automatically imply consent to any other forms of sexual behavior.

Perpetrators of sexual violence are often intentional in their approach and use these three common strategies to make their victims vulnerable.

- Isolation – *making moves to get their target alone.*
- Coercion – *refusing to take no for an answer.*
- Alcohol – *pressuring their date to drink more.*

We can all do our part to help end sexual assault on campus by looking out for these warning signs and making the decision to intervene when we see abusive behavior like this.

Bystander Intervention

Bystander intervention is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention. In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

There are 3 different strategies you can use to intervene when you see sexually abusive behavior. We call them the 3 Ds: Direct, Distract, & Delegate.

- Direct: With a direct response, you accept personal responsibility and do something to stop the situation from getting worse.
- Distract: You find a way out for the potential victim by creating a shift in the situation.
- Delegate: You can ask someone to intervene with you or for you (don't hesitate to contact the police)

Accommodations and Supportive Measures:

The University will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or supportive measures. If victims request these accommodations or supportive measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for accommodations or supportive measures should be made to the Title IX Coordinator at (405) 325-3546, and the Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or protective measures provided to a victim to the extent that maintaining confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault, or stalking will be processed through the University's Title IX Policy, Sexual Misconduct Policy, or other relevant policy as appropriate to the allegations (**i.e., faculty handbook, staff handbook, Student Rights and Responsibilities Code**) and the related complaint resolution procedures.

The complaint resolution procedures are invoked once a report is made to one of the following individuals:

Reports may be made in person, by mail, electronically, or by phone. University employees may also use the online reporting form available at <https://www.ou.edu/eoo/reporting>, to make a report.

Once a formal complaint is made, the Title IX Coordinator, or other University employee as appropriate, will provide notice to the parties of the investigation, including a description of the process to be utilized, the identities of the parties, the conduct at issue, and the date and location of the alleged incident.

During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses, including both fact and expert witnesses, and other supporting evidence. The investigator(s) will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Prior to the conclusion of the investigation, both parties will be provided an opportunity to review the evidence gathered during the investigation that is directly related to the allegations raised in the formal complaint. Upon completion of the investigation, both parties will be given a copy of an investigation report.

In Title IX cases, a live hearing will be conducted to make a determination as to whether any allegations in the complaint were found to be substantiated by a preponderance of the evidence. During the hearing, each party's advisor will be permitted to ask the other party and any witnesses all relevant questions and follow-up questions including those bearing

on credibility. The decision maker(s) will issue a written determination of responsibility, a statement of any disciplinary sanctions and whether any remedies will be provided to the complainant, and a description of the procedures and permissible grounds for appeal. The parties will be simultaneously notified of this determination in writing within five (5) university business days of it being made. The University strives to complete investigations of this nature within sixty (60) to ninety (90) business days.

The process for filing a Complaint of Employee Sexual Misconduct or Sexual Misconduct (Student Code Violation) is the same as the process for filing a Formal Complaint of Title IX Sexual Harassment, except that prior to initiating an investigation into the alleged conduct, the Title IX Coordinator must first request authorization to investigate from the Chief Human Resources Officer or Director of Student Conduct, who will determine whether the University has jurisdictional authority to impose disciplinary sanctions on the Respondent pursuant to the applicable Staff and Faculty Handbook provisions or Student Code of Rights and Responsibilities, as applicable. Once a Complaint is filed, the Complaint procedures will follow the same procedure for a Formal Complaint of Title IX Sexual Harassment except where specifically noted herein or in the [Grievance Procedures for Formal Complaints of Title IX Sexual Harassment or Sexual Misconduct](https://www.ou.edu/eoo/policies-and-procedures) available at <https://www.ou.edu/eoo/policies-and-procedures>.

Both parties have an equal opportunity to appeal the determination by filing a written appeal with the Title IX Coordinator within five (5) university business days of being notified of the outcome of the investigation. The non-appealing party will be notified of the appeal and permitted to submit a written statement in response. The Title IX Coordinator shall provide the Appeal and Response to the appropriate Appellate Decisionmaker. The Appellate Decisionmaker shall enter a Decision of Appeal within ten (10) University business days after the parties' statements, if any, are received. The appellate Decision-maker is not the same person as the Decision-maker entering the Determination, the Title IX Coordinator, or the Investigator.

At any time after the filing of a Formal Complaint but not less than ten (10) University business days prior to a Live Hearing, either party may request that the University facilitate an **informal resolution**. Informal resolution is an available option when both parties voluntarily agree to participate in writing and if the Title IX Coordinator agrees that informal resolution is appropriate given the nature of the allegations and the relationship of the parties. Informal resolution will not be facilitated in cases involving a student Complainant and employee Respondent. To allow the parties to participate without concern for how their statements may affect the outcome of an investigation, the Title IX Coordinator and Office of Institutional Equity staff will not participate in informal resolution. If the parties reach agreement during the informal resolution process, the facilitator will reduce the agreement to writing and present it to the Title IX Coordinator, who may approve or disapprove the agreement. An approved informal resolution agreement will be recognized as a binding agreement between the parties enforceable by the University. Once the parties have entered into an approved informal resolution agreement, the grievance will be deemed resolved and may not be re-opened. At any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint. If any party declines to participate in the informal resolution process chooses to withdraw from participation, or if informal resolution is not successful, the grievance process continues.

Rights of the Parties in an Institutional Proceeding:

During the course of the process described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
 - o A prompt, fair and impartial process is one that is:

Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.

Conducted in a manner that:

 - Is consistent with the institution's policies and transparent to the accuser and the accused.
 - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
 - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.

Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
2. Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
 - o The Title IX Coordinator in conjunction with other offices, including Student Conduct, Student Affairs, Legal Counsel, and Human Resources, is also responsible for assuring that training is conducted annually for all advocates, investigators, hearing officers, panelists and appeals officers. Training focuses on sexual misconduct, domestic violence, dating violence, sexual assault, stalking, sexual harassment, retaliation, and other behaviors that can be forms of sex or gender discrimination. Training will help those decision-makers associated with the process to protect the safety of reporting parties and to promote accountability for those who commit offenses.
3. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.
4. Have the outcome determined using the preponderance of the evidence standard.

5. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Supportive Measures the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

In the event that sexual assault, stalking, dating violence, or domestic violence does occur, the University takes the matter very seriously. A student/employee who is found to have committed dating violence, domestic violence, sexual assault, or stalking in violation of University policy may be subject to the following sanctions:

Sanctions for students: 1. Verbal Warning: A verbal notice that the behavior was inappropriate. 2. Written Warning: A written statement that the behavior was inappropriate, which will remain on the student’s university disciplinary record for a specified period of time or until the student meets certain conditions. 3. Disciplinary Probation: A written statement that the behavior was inappropriate and should subsequent violations occur, the university will take more serious conduct action up to and including suspension or expulsion. This can include exclusion from university-affiliated entities, including student organization activities, for a period of time or until the student meets certain conditions. Disciplinary probation will remain on the student’s disciplinary record for a specified period of time or until the student meets specified conditions. 4. Educational Sanctions: A specific number of hours of community service, completion of a reflection or research paper, attending a class, program or lecture, attending counseling, or other actions. 5. Restitution: Repayment for damages or misappropriation of property. This may include monetary compensation or other related service(s), such as cleaning or restoration. 6. Administrative Fee: Administrative fees for educational programs and presentations as well as policy-related administrative costs, which are assessed directly to the student’s Bursar account. A financial stop may be placed on the student’s record if the student fails to pay the administrative fee by the due date. This stop may prevent the student from registering for future terms or adding or dropping courses. 7. University-owned Housing Reassignment or Termination: Reassignment to another university owned housing unit, exclusion from certain university-owned properties or termination of the student’s housing agreement. 8. Administrative Trespass: Denial of access to all or a portion of campus, except for limited periods and specific activities with the permission of the appropriate university official, as designated by the university Vice President for Student Affairs or other appropriate administrative official vested with such authority. Should the student enter campus without written permission, the appropriate university official or the campus police may take action. 9. Suspension: Exclusion from the university and all campuses governed by the Board of Regents of the University of Oklahoma for a specific period of time or until the student meets certain conditions, following which the student may be permitted to re-enroll or apply for readmission to the university, as applicable. 10. Expulsion: Exclusion from the university and all campuses governed by the Board of Regents of the University of Oklahoma for an indefinite period of time, a record of which remains on file permanently. 11. Restriction or Denial of University Services: Restriction from use or denial of specified university services, including participation in university activities. 12. Delayed Conferral of

Degree: Delay of issuance of a student's diploma for a specified period of time or until the student meets certain conditions.

Sanctions for employees can include verbal/written reprimands, required counseling/training, community service, administrative leave with or without pay, removal of supervisory or other roles/duties, conduct agreements, other sanctions as deemed appropriate, or termination. 1. For offenses including sexual misconduct or gender-based discrimination, such as sexual violence, domestic violence, dating violence, and stalking, sanctions range from warnings through expulsion/termination as described above. Serious and violent incidents and acts of non-consensual sexual intercourse (the policy equivalent to the crime of rape) can result in suspension, expulsion or termination of employment. 2. Disciplinary action for sexual harassment can include verbal or written warnings, disciplinary probation, required educational training, or other remedial measures as appropriate. Repeated or serious violations may result in immediate termination from employment or dismissal from the university.

The Title IX Coordinator or his/her designee will offer interim or long-term measures such as opportunities for academic assistance, changes in housing for the complainant or the respondent, changes in working situations as well as other assistance that may be appropriate and reasonable, and available on campus or in the community (such as health care, legal assistance, visa and immigration assistance, No Contact Orders, campus escorts, transportation assistance, targeted interventions, etc.) If the complainant so desires, he/she will be connected with a counselor or victim's advocate on or off campus. No complainant is required to take advantage of these services and resources. In addition, the university will provide academic, living, transportation, and employment assistance or other protective measures if the victim requests them and they are reasonably available, regardless of whether the complainant chooses to report the crime to campus police or local law enforcement. A written summary of rights, options, support resources and procedures are provided to all complainants regardless of whether they are students, employees, guests or visitors.

Publicly Available Recordkeeping:

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

The University of Oklahoma

Norman Campus

All policies, procedures and other information for the Norman Campus also apply to the OU in Arezzo program unless otherwise stated in the 'Special Information for OU in Arezzo' section.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The University of Oklahoma Police Department is responsible for campus safety at the University.

Officers of the University of Oklahoma Police Department (OUPD) are commissioned and sworn peace officers as authorized by state law and are certified by the Oklahoma Council on Law Enforcement Education and Training. Officers have the authority to make arrests and carry firearms. Additional non-commissioned, unarmed security personnel provide patrols in various sections of campus. University police officers are on duty 24 hours a day.

OUPD's jurisdiction covers the Norman Campus and its associated properties, regardless of where they're situated. OUPD officers may engage in routine traffic enforcement efforts on all streets owned and maintained by OU and on all Norman city streets adjacent to campus.

OUPD maintains a close working relationship with local police. Officers are empowered to act within the incorporated limits of the City of Norman (a municipal corporation chartered under state law) by the Law Enforcement Services Agreement entered into by the OU Board of Regents and the City Council of the City of Norman effective Oct. 12, 1993. In the event an OUPD officer observes circumstances at any off-campus Norman location in which failure to take immediate action would result in injury to or death of the officer or another, the OUPD officer may take that action necessary to effect control pending the arrival of Norman Police Department personnel. On-duty members of OUPD may assist members of any law enforcement agency within the incorporated limits of the City of Norman or at any location where an emergency exists.

Campus Security Authorities

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- The University of Oklahoma Police Department (Emergency) at 911 or (405) 325-1911
- The University of Oklahoma Police Department (Non-Emergency) at (405) 325-1717, oupd@ou.edu
- Institutional Equity Officer and Title IX Coordinator at (405) 325-3546, ieo@ou.edu
- Associate Title IX Coordinator, Athletics at (405) 325-8241

- Student Conduct at (405) 325-1540, studentconduct@ou.edu
- Human Resources, Employee Relations at (405) 325-1826, hrbp@ou.edu
- Office of the Vice President for Student Affairs and Dean of Students at (405) 325-3161, studentaffairs@ou.edu
- Assistant Vice President and Associate Dean of Students, Residence Life and Housing at (405) 325-2511
- OU Advocates 24/7 Hotline (call or WhatsApp) at (405) 615-0013
- OU Report It! Hotline at (844) 428-6531, www.ou.ethicspoint.com

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- All crimes occurring on or near University property should be reported immediately to the University of Oklahoma Police Department. The number to contact is (405) 325-1911 for emergencies or (405) 325-1717 for non-emergencies. A dispatcher is available 24/7.
- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.
- Students, staff, and visitors may also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.
- Anonymous incident reports can also be made by using the campus security authority online report form. The report form can be found at www.ou.edu/clery/reporting.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual misconduct policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system, or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential

report complies with the victim's wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

Security of and Access to Campus Facilities

All academic buildings are secured during the evenings. During this time, access to the buildings is only allowed for faculty/staff members and students with authorized SoonerCard access or University issued keys. All residence halls are secured automatically by the SoonerCard Office. First-floor security doors in Couch and Walker Centers, Cross Buildings A-D, and Headington and Dunham colleges are unlocked 7:30 a.m. to 10 p.m. Sunday-Thursdays and 6:30 a.m. to midnight Friday and Saturday. First-floor security doors in David L. Boren Honors College are unlocked 7:30 a.m. to 5:30 p.m. Sunday-Thursdays and 6:30 a.m. to midnight Friday and Saturday. A SoonerCard will be required for building access once doors have been secured. Headington Hall security doors require a SoonerCard for entry at all times. Security Officers check the residence halls throughout the night to ensure they remain secure. They also perform random rounds or "walk-throughs" in residence halls any time between 9 p.m. and 5:30 a.m. The security officers also perform foot patrols of parking lots and surrounding areas.

Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others.

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.
- Do not give access codes to anyone who does not belong to the campus community.

Keys to the offices, laboratories, and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for ensuring their area is secured and locked.

Employee and student SoonerCards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

Campus police officers and Community Service Officers (CSOs/uniformed security personnel) report any observed damage to security hardware, non-operational lights or other potential facility maintenance security problems to Facilities Management Customer Service for repair.

Facilities Management is responsible for day-to-day maintenance and repair of all campus

facilities, including campus residences. Its duties include routine and preventive maintenance and may consist of repairing window glass, frames and hardware, room and building entrance doors, and stairway, hallway and entry lights.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

Each semester, the University provides information to students and employees regarding the University's security procedures and practices. This information is in multiple forms including presentations, posters, handouts, articles in the University newsletter, and email blasts. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others and practices regarding the University's emergency notification system and the issuance of timely warnings (Critical Alerts) and emergency notifications (Emergency Alerts).

Crime prevention programs are also presented throughout the academic year by Student Affairs, Residence Life and OUPD. Presentations outline ways to maintain personal safety and residence hall security. In addition, email blasts are periodically sent out to students and employees with crime prevention and other safety tips. Pamphlets and videos on crime prevention are available through the OUPD website, www.ou.edu/police.

Monitoring Off Campus Locations of Recognized Student Organizations

The University of Oklahoma Police Department does not monitor and record any criminal activity in which students have engaged at off-campus locations of Registered Student Organizations (RSOs). This includes RSOs with off-campus housing facilities. However, the University is aware of at least one local police agency that performs such monitoring and recording.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act, both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Misuse Prevention Program

The University has a drug and alcohol abuse and prevention program and conducts a biennial review of this program to evaluate its effectiveness. For more information, see below.

Substance Misuse Education Programs

Alcohol and Other Drug Education Program for First-Year Students: This is a mandatory alcohol and other drug awareness program for all incoming undergraduate students 20 years of age and younger. Students are required to complete either an in-person training at orientation events OR an online module. The in-person program consists of interactive group discussions led by Peer Educators who provide facts about alcohol and its use on the OU campus, coupled with commonly experienced real-world scenarios, during which students are asked to talk about their decisions and the decisions of their peers. It aims to reduce high-risk binge-drinking and drug misuse and abuse among college first-year students, decrease the number of alcohol-related and drug-related incidents, and change the perception of the campus culture among first-year students. The online module is an interactive website about prevention issues, alcohol education and University alcohol policies.

Refer to <https://ou.edu/advocacyandeducation/oae-education-outreach> for more information and to onpoint.ou.edu to access the online education session. For more information about the availability of these programs, call the Office of Advocacy and Education at (405) 325-4929.

Three Strikes Procedures: The three strikes procedures incorporate personalized feedback and motivational interviewing techniques to reduce high-risk drinking behavior and alcohol-related harm. Through this program students are encouraged to make responsible decisions related to alcohol and are educated about the negative consequences associated with alcohol misuse, and to examine what steps have been/are being taken to reduce harm. This program integrates components shown by research to be effective.

Safe Ride: Established in 2004, the Student Alcohol Policy implemented the OU SafeRide program to discourage drinking and driving. The program provides safe, no-cost transportation for OU students within the designated Norman zone from 10 p.m. to 3 a.m. every Thursday, Friday, and Saturday of the program calendar. SafeRide has partnered with the City of Norman's micro-transit service, Norman On-Demand. OU students can access the benefits of both the Norman On-Demand service and the OU SafeRide program by downloading the Norman On-Demand app and creating their account using their ou.edu email address.

Counseling Services: Students experiencing problematic substance use are encouraged to

seek assessment, screening, and individual and group services at the [University Counseling Center](#) (UCC) from Licensed Professional Counselors with substance use counseling experience for both voluntary and mandatory visits.

Employee Assistance Program: This program, through Magellan Health, provides professional and confidential help to faculty, staff and their family members dealing with a variety of problems, including drug and alcohol abuse. It includes an assessment of the problem and the best avenues for assistance and provides employee counseling and training programs on the dangers of drug and alcohol abuse. For more information call (800) 327-5043 or visit <https://member.magellanhealthcare.com/?cid=17423>.

Programs Related to Dating Violence, Domestic Violence, Sexual Assault, and Stalking

The following section of this report discusses the University’s educational programs to promote the awareness of dating violence, domestic violence, sexual assault and stalking.

Primary Prevention and Awareness Program:

The University conducts a Primary Prevention and Awareness Program (“PPAP”) for all incoming students and new employees. The PPAP advises campus community members that the University prohibits the offenses of dating violence, domestic violence, sexual assault and stalking.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign (“OPAC”) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

- New students receive education about gender-based violence prevention and reporting through a presentation from the Office of Advocacy and Education during orientation

or through an online education course throughout the semester. All new employees are required to complete an online training module on these topics upon hire and are required to retake the online training each year.

- As part of its ongoing campaign, the University uses a variety of strategies, such as in-person presentations by trained University staff with content expertise, emails blasts with pertinent information, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

Norman Campus Programming Includes:

Online Sexual Misconduct Awareness Training: This training is only required for students who do not complete the in-person Consent Conversation at orientation. Additionally, all faculty and staff are required to take an interactive web-based training and quiz, discussing the university's gender discrimination, sexual harassment and sexual misconduct policy and gender-based issues. Refer to onpoint.ou.edu for the quiz, and ou.edu/eoo for the policies.

The Consent Conversation: The Consent Conversation is a mandatory workshop for first-year students at the University of Oklahoma to discuss what consent is and what it is not. This training also provides tools for being active bystanders to help prevent gender-based violence. We also provide information about OU Advocates, how to report to Title IX and other offices, and other optional resources. (Provided annually during Camp Crimson.)

The Consent Conversation 2.0: This training is an expansion of the original Consent Conversation content. Participants will have the opportunity to further develop their understanding and application of consent in their lives through a more in-depth examination of the roots of sexual violence.

#RelationshipGoals: This training includes information about the do's and don'ts of healthy relationships. It includes both media and real-life examples of healthy and unhealthy behaviors in interpersonal relationships, particularly romantic relationships.

Boundaries Workshop: The Boundaries Workshop is a highly impactful and interactive workshop that helps students understand boundaries with their peers. Participants examine their own relationship non-negotiables and how their personal preferences may differ from others. Participants share their own boundaries anonymously on a worksheet and it is randomly given to another student. This allows students to work through boundaries conversations in a way that feels more comfortable and broadens the conversation beyond one's own personal boundaries.

Procedures to Follow if You Are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

Victims of gender-based violence have several options available to them. To report to law enforcement, go to a safe place and call 911 or the University of Oklahoma Police Department at (405) 325-1911. To make a University report, you may contact the University's Title IX Coordinator at (405) 325-3546. If you would like to speak to a confidential resource about

your options, you may call, text, or WhatsApp the OU Advocates 24/7 helpline at (405) 615-0013.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. The Women's Resources Center in Norman provides a 24/7 Rape Crisis Center where victims can obtain a sexual assault examination: 222 East Eufaula St., Norman, OK 73069 | <https://wrcnormanok.org/rape-crisis-center/> | (405) 701-5660.

Completing a sexual assault examination does not require you to file a police report, but having an examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- The University of Oklahoma Police Department 2775 Monitor Ave., Norman, OK 73072 (405) 325-1911 (Emergencies); (405) 325-1717 (Non-Emergencies)
- Norman Police Department 201 W Gray St., Norman, OK 73069 911 (Emergencies); (405) 321-1444 (Non-Emergencies)
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information About Legal Protection Orders

Oklahoma's Victim Protective Order (VPO) is a court order that protects victims from abuse

or harassment by an alleged offender. The order can be requested if someone is being stalked, harassed, raped, or violently assaulted by a family member, partner, or household member. It can also be requested if the abuser is not a family member.

Information about Victim Protective Orders may be found at: <https://oklahoma.gov/okdhs/services/purpleribbon/vpo.html>.

A Victim Protective Order (VPO) in Oklahoma can be filed at the county courthouse in the county where the petitioner or defendant lives, or abuse occurred. Additional information about how to file a petition for a VPO in Cleveland County, Oklahoma (where the City of Norman and the University are located) may be found at: <https://clevelandcountyyok.com/401/Victim-Protective-Order>.

- A VPO petition should be filed at the Cleveland County Court Clerk's Office. Petitions may be filed Monday through Friday, from 8 a.m. to 4 p.m. The address is 200 S Peters Ave #10, Norman, OK 73069. The phone number is [\(405\) 321-6402](tel:4053216402).

The court clerk's office can provide the necessary forms and may assist in completing the forms. Forms may also be found online at: <https://clevelandcountyyok.com/DocumentCenter/View/2423/Petition-for-Protective-Order-2024?bidId=>. If seeking a VPO for harassment or stalking, **a police report listing you as the victim must be filed**. Provide a copy of the police report when filing for your VPO.

When a protection order is granted, it is enforceable nationwide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department. For enforcement on campus, contact OUPD at (405) 325-1717. For enforcement in the City of Norman, contact the Norman Police Department at (405) 321-1444.

The institution will also recognize any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the protective order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The institution does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a "no trespass warning" if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the University and in the surrounding community. Those services include:

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting the University of Oklahoma Police Department Criminal Investigations lieutenant at (405) 325-2864 or mail-crimeprev@ou.edu. State registry of sex offender information may be accessed at the following link: <https://sors.doc.ok.gov/ords/svorp/sors/r/sors/disclaimer>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the University of Oklahoma Police Department, in consultation with University administrators and offices including the Clery Compliance Coordinator and the Office of Legal Counsel constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- The University of Oklahoma Police Department, 911 or (405) 325-1911 for emergencies | (405) 325-1717 for non-emergencies

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University has an emergency operations plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify The University of Oklahoma Police Department at (405) 325-1911 of any emergency or potentially dangerous situation.

The University of Oklahoma Police Department will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the University of Oklahoma Police Department will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

The University of Oklahoma Police Department, in collaboration with other appropriate personnel, will determine who should be notified and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of

responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The University of Oklahoma Police Department will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

The University of Oklahoma Police Department will notify local law enforcement of the emergency if they are not already aware of it and the University's Marketing and Communications team will notify local media outlets so that the larger community outside the campus will be aware of the emergency.

Testing & Documentation

The University tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Campus Safety Department will meet to train, test and evaluate the University's emergency response plan.

The Campus Safety Department maintains a record of these tests and training exercises, including a description, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute information to its students and employees to remind them of the University's emergency response and evacuation procedures.

Missing Student Policy

If a member of the OU community has reason to believe that a student who resides in on-campus housing is missing, that information should be reported immediately to the Director of

Residence Life at (405) 325-2511. Any University employee receiving a missing student report should immediately notify OUPD so that an investigation can be initiated.

Students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the University only in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the University will notify that individual no later than 24 hours after the student is determined to be missing. The option to identify a contact person in the event the student is determined missing is in addition to identifying a general emergency contact person, but they can be the same individual for both purposes. A student's confidential contact information will be accessible only by authorized campus officials, and it will only be disclosed to law enforcement personnel in furtherance of a missing student investigation.

A student who wishes to designate a confidential contact may do so in their OU Housing portal.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the University will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the University will also notify that student's custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Policies on Portable Appliances, Smoking and Open Flames

The use of open flames, such as candles, and the burning of such things as incense, and smoking (including e-cigarettes/vaporizers) are prohibited in campus housing. Fireworks and explosives of any kind are prohibited. Only the following portable cooking appliances are permitted to be used in campus housing: microwave, mini fridge, popcorn poppers and single-serve coffee makers that do not contain a hot plate. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action.

The University reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave.

Whenever the fire alarm sounds, all occupants in the campus residences must meet at the emergency evacuation safe location designated by their Resident Advisor. In the case of an actual fire or other emergency, residents will be moved to a designated alternate shelter area until notified it is safe to return to the building and room. Residents should close their door when they leave their room. Students who do not vacate the building during the sounding of the alarm will be subject to disciplinary action.

Upon the sounding of the alarm: **1.** Move quickly and quietly to the nearest exit for your area. In an orderly fashion, go to the designated waiting area for further instructions. **2.** Wear a coat and shoes. Carry a towel in case of smoke. Keep these items easily accessible for emergency use. Bring along your keys and ID. **3.** If you are away from your room when the alarm sounds, proceed to the nearest exit without returning to your room. **4.** Do not use elevators. Use stairways only. **5.** Students unable to use the stairways should wait in the stairwell for emergency personnel to arrive and assist them in the evacuation. **6.** Students with more

serious mobility issues are provided with a personal emergency response plan in coordination with Residence Life and Housing staff, the OU Fire Marshal, OUPD, and the Accessibility and Disability Resource Center.

Fire Education and Training Programs

Specialized training is provided at the beginning of the fall and spring semesters to instruct residence life staff on fire extinguisher usage, evacuation procedures, activating the fire alarm system, identifying fire and life safety hazards, and tampering with fire safety equipment.

The purpose is to familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the University's fire safety policies. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a "buddy" assigned to assist him or her.

Reporting Fires

The University is required each year to disclose statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety, and then please call 911.

There may also be instances when a fire is extinguished quickly, and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the OU Fire Marshal's Office at (405) 630-9720 or fire@ou.edu. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The University routinely reviews its fire safety protections and procedures. Currently, the University is in the process of upgrading to a new campus-wide, fire alarm monitoring system.

The University of Oklahoma Special Information for OU in Arezzo

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

OU in Arezzo (Italy) does not have a police department or security department. All students, faculty, staff and visitors are encouraged to report all crimes to the Arezzo Police in a timely manner.

While the Arezzo Police will respond to calls at the OU in Arezzo facility, the University has no written agreements with local law enforcement.

Campus Security Authorities

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- Director of Student Affairs, OU in Arezzo at +39 0575 197 0056 or +39 338 941 4915
- Residence Life Coordinator, OU in Arezzo at +39 0575 197 0058, or +39 393 870 6883

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies or other incidents occurring on OU in Arezzo facilities, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- All crimes occurring on or near OU in Arezzo property should be reported immediately to the Arezzo Police. The number to contact is 112 for emergencies or +39 0575 4001 for non-emergencies.
- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 112.
- Students, staff and visitors may also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.
- Anonymous incident reports can also be made by using the campus security authority online report form. The report form can be found at www.ou.edu/clery/reporting.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual misconduct policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University encourages its professional counselors, if, and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

Security of and Access to Campus Facilities

OU in Arezzo has two facilities: the Rooney Family Residential Learning Center and the San Francesco Classroom Annex. The Rooney Family Residential Learning Center entrance has a security alarm system for various ground-floor windows and doors. A 10-foot wall surrounds the garden area. There is a video intercom panel located at every entrance that is used to identify and communicate with any person before access to the facility is given. External and internal closed-circuit video cameras are located at the residential facility. Both the Rooney Family Center and the San Francesco classroom annex have two main entrances: a main door of the building that is closed and locked during the night and a second entrance that is closed and locked at all times. Evacuation routes and severe weather instructions are posted in each area of the two OU in Arezzo facilities.

Entry into the facilities is gained via a key card or a pin pad code. Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others.

- Do not prop doors open or allow strangers into buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.
- Do not give access codes to anyone who does not belong to the campus community.

Visiting faculty and guests are asked to register their arrival and departure from the facilities at the reception desk located at the main entrance of each facility.

Security Considerations in the Maintenance of Facilities

OU in Arezzo has a facilities maintenance professional who is responsible for the daily maintenance and repair of the housing facilities.

Monitoring Off-Site Locations of Recognized Student Organizations

OU in Arezzo does not have student organizations with off-site locations.

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either at or near OU in Arezzo facilities that in the judgment of the Director of Student Affairs, constitutes a serious or continuing threat to members of the OU in Arezzo community, a facility-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the OU in Arezzo community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Director of Student Affairs, OU in Arezzo, +39 338 941 4915

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University has an emergency operations plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: severe weather, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc.

Students, staff and visitors are encouraged to notify the Director of Student Affairs at +39 338 941 4915 of any emergency or potentially dangerous situations.

The Director of Student Affairs will access available sources of information from OU in Arezzo administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Director of Student Affairs will consult with other appropriate University officials to determine the appropriate segment or segments of the OU in Arezzo community to be notified.

The Director of Student Affairs, in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the community the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The Director of Student Affairs will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

The Director of Student Affairs will notify local law enforcement of the emergency if they are not already aware of it.

Testing & Documentation

OU in Arezzo officials coordinate, monitor and evaluate mandatory fire drills within the first two weeks of occupancy in the housing facility. The drills include a test of the emergency evacuation procedures.

The Director of Student Affairs maintains a record of these tests and training exercises, including a description, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute information to its students and employees to remind them of the University's emergency response and evacuation procedures.

Missing Student Policy

If a member of the OU in Arezzo community has reason to believe that a student who resides in the Rooney Family Residential Learning Center is missing, that information should be reported immediately to the Director of Student Affairs for OU in Arezzo at +39 0575 197 0056 or +39 338 941 4915.

Students residing in on-site housing have the option to identify confidentially an individual to be contacted by the University only in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the University will notify that individual no later than 24 hours after the student is determined to be missing. The option to identify a contact person in the event the student is determined missing is in addition to

identifying a general emergency contact person, but they can be the same individual for both purposes. A student’s confidential contact information will be accessible only by authorized campus officials, and it will only be disclosed to law enforcement personnel in furtherance of a missing student investigation.

A student who wishes to designate a confidential contact may do so in their OU Housing portal.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the University will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the University will also notify that student’s custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Use stairways only. **5.** Students unable to use the stairways should wait in the stairwell for emergency personnel to arrive and assist them in the evacuation. **6.** Students with more serious mobility issues are provided with a personal emergency response plan in coordination with Residence Life and Housing staff, OU in Arezzo staff, and the Accessibility and Disability Resource Center.

Fire Education and Training Programs

Specialized training is provided at the beginning of the fall and spring semesters to instruct Residence Life staff on fire extinguisher usage, evacuation procedures, activating the fire alarm system, identifying fire and life safety hazards, and tampering with fire safety equipment.

The purpose is to familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the University's fire safety policies. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a "buddy" assigned to assist him or her.

Reporting Fires

The University is required each year to disclose statistical data on all fires that occurred in on-site student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 112.

- There may also be instances when a fire is extinguished quickly, and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Director of Student Affairs at +39 0575 197 0056 or +39 338 941 4915, or the Residence Life Coordinator at +39 0575 197 0058, or +39 393 870 6883. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The University periodically reviews its fire safety protections and procedures. At this time, it has no plans for future improvements.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The University of Oklahoma Police Department is responsible for campus safety at the University.

Officers of the University of Oklahoma Police Department (OUPD) are commissioned and sworn peace officers as authorized by state law and are certified by the Oklahoma Council on Law Enforcement Education and Training. Officers have the authority to make arrests and carry firearms. Additional non-commissioned, unarmed security personnel provide patrols in various sections of campus. University police officers are on duty 24 hours a day.

OUPD's jurisdiction covers all the OU Health Sciences Center (HSC) campus and its associated properties, regardless of where they're situated. OUPD officers may engage in routine traffic enforcement efforts on all streets owned and maintained by the OU Health Sciences Center and on all Oklahoma City streets adjacent to campus. Additionally, OUPD has an area of concurrent jurisdiction with the Oklahoma City Police Department (detailed below) that includes OU Health System properties and other non-University properties including private businesses and residences.

OUPD maintains a close working relationship with local law enforcement, including the Oklahoma City Police Department, Oklahoma Medical Research Foundation Security, Veteran's Administration Medical Center Police, the Oklahoma Highway Patrol and the Oklahoma County Sheriff's Office. OUPD has an agreement with the Oklahoma City Police Department to give concurrent jurisdiction between OUPD and OCPD with the agreed upon geographical boundaries. Said agreement was entered into on April 11, 2017.

The concurrent jurisdiction shall be an area described as follows: Beginning at a point where the west side of North Lincoln Boulevard intersects with the north side of Northeast 16th Street; then east along the north side of Northeast 16th Street to the west side of North Kelley Avenue; then north along the west side of North Kelley Avenue to the north side of northeast 16th Street; then east along the north side of Northeast 16th Street to the east side of North Lottie Avenue; then south along the east side of North Lottie Avenue to the north side of Northeast 12th Street; then east along the north side of Northeast 12th Street to the east side of North Kate Avenue, then south along the east side of North Kate Avenue to the south side of Northeast 11th Street; then west along the south side of Northeast 11th Street to the east side of North Lottie Avenue, then south along the east side of North Lottie Avenue to the south side of Northeast Eighth Street; then west along the south side of Northeast Eighth Street to the east side of North Kelley Avenue; then south along the east side of North Kelley Avenue to the south side of Northeast Sixth Street; then west along the south side of Northeast Sixth Street to the east side of North Lindsay Avenue; then south along the east side of North Lindsay Avenue to the south side of Northeast Fourth Street; then west along the south side of Northeast Fourth Street to fifty (50) feet East of 1-235; then northwesterly fifty (50) feet

Duly commissioned OUPD Officers, pursuant to statutory authority and this agreement, shall also have concurrent jurisdiction to enforce state statutes on the highways, streets, roads, alleys, easements and other public ways immediately adjacent to the area of CONCURRENT JURISDICTION.

Campus Security Authorities

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They will ensure the crimes are reported for collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- The University of Oklahoma Police Department (Emergency) at (405) 271-4911
- The University of Oklahoma Police Department (Non-Emergency) at (405) 271-4300, OUHSCpolice@ouhsc.edu
- Institutional Equity Officer and Title IX Coordinator at (405) 325-1717, ieo@ou.edu
- Associate Title IX Coordinator, Health Sciences Center at (405) 271-2416
- Human Resources, Employee Relations at (405) 271-2194, hrbp@ou.edu
- Health Sciences Student Affairs at (405) 271-2416, students@ouhsc.edu

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- All crimes occurring on or near University property should be reported immediately to the University of Oklahoma Police Department. The number to contact is (405) 271-4911 for emergencies or (405) 271-4300 for non-emergencies. A dispatcher is available 24/7.
- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.
- Students, staff and visitors may also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to

report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to the police.

- Anonymous incident reports can also be made by using the campus security authority online report form. The report form can be found at www.ou.edu/clery/reporting.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim, or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual misconduct policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

Security of and Access to Campus Facilities

All academic buildings are secured during the evenings and weekends. During this time, access to the buildings is only allowed for faculty/staff members and students with authorized card access or University-issued keys. The University Village Apartments are secured automatically by access control. The clubhouse entrance is unlocked from 9 a.m. to 5 p.m. Monday through Friday. An authorized key card is required for entry at all other times. Security Officers check the apartments throughout the night to ensure they remain secure. They also perform random rounds or "walk-throughs" any time between 9 p.m. and 5:30 a.m. The security officers also perform foot patrols of parking lots and surrounding areas.

Students and employees are asked to be alert and to not circumvent practices and procedures that are meant to preserve their safety and that of others.

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.

- Do not give access codes to anyone who does not belong to the campus community.

Keys to the offices, laboratories and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for ensuring their area is secured and locked.

Employee and student ID Cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

Campus police officers and uniformed security personnel report any observed damage to security hardware, non-operational lights or other potential facility maintenance security problems to Facilities Management Work Control for repair.

Facilities Management is responsible for day-to-day maintenance and repair of most campus facilities. Its duties include routine and preventive maintenance and may consist of repairing window glass, frames and hardware, room and building entrance doors, and stairway, hallway and entry lights. The University Village Apartments are managed by Student Affairs and has a dedicated staff member responsible for the day-to-day maintenance of the facility, with support from Facilities Management as needed.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

Each semester, the University provides information to students and employees regarding the University's security procedures and practices. This information is in multiple forms including presentations, posters, handouts, articles in the University newsletter and email blasts. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others and practices regarding the University's emergency notification system and the issuance of timely warnings (Critical Alerts) and emergency notifications (Emergency Alerts).

Crime prevention programs are also presented throughout the academic year by Student Affairs and OUPD. Presentations outline ways to maintain personal safety and residence hall security. In addition, email blasts are periodically sent out to students and employees with crime prevention and other safety tips. Additional information is available through the OUPD website, www.ouhsc.edu/police.

Monitoring Off-Campus Locations of Recognized Student Organizations

The Health Sciences Campus does not have any student organizations officially recognized by the University that own or control off-campus locations, including off-campus housing facilities.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Programs Related to Dating Violence, Domestic Violence, Sexual Assault, and Stalking

The following section of this report discusses the University's educational programs to promote the awareness of dating violence, domestic violence, sexual assault and stalking.

Primary Prevention and Awareness Program:

The University conducts a Primary Prevention and Awareness Program ("PPAP") for all incoming students and new employees. The PPAP advises campus community members that the University prohibits the offenses of dating violence, domestic violence, sexual assault and stalking.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign ("OPAC") aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts and guest speakers. A summary of this programming is provided below.

- All new employees are required to complete an online training module on these topics upon hire and are required to retake the online training each year.
- As part of its ongoing campaign, the University uses a variety of strategies, such as in-person presentations by trained University staff with content expertise, emails blasts with pertinent information, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

Health Sciences Campus Programming Includes:

Annual programming for students, faculty and staff includes events such as Sexual Assault Awareness Week; Sooner Safety Week, featuring the Behavioral Intervention Team and various

campus resources; Student Government events; Talks Saves Lives and suicide prevention outreach; White Ribbon Campaign; Campaign for Healthy Relationships; Domestic Violence Awareness Month; Sexual Violence Awareness Month; Rape Awareness Week; and Stalking Awareness Month. Student programming is available at students.ouhsc.edu.

Online Sexual Misconduct Awareness Training: This is a mandatory sexual misconduct awareness training program for all students prior to their enrollment in a course. Additionally, all faculty and staff are required to take an interactive web-based training and quiz discussing the University's gender discrimination, sexual harassment and sexual misconduct policy and gender-based issues. Refer to onpoint.ou.edu for the quiz, and ou.edu/eoo for the policies.

Procedures to Follow if You Are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the University of Oklahoma Police Department at (405) 271-4911. You may also contact the University's Title IX Coordinator at (405) 325-3546, the Associate Title IX Coordinator for the HSC Campus at (405) 271-2416 or call or WhatsApp the OU Advocates 24/7 helpline at (405) 615-0013.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair and fluid evidence. Do not bathe or wash, or otherwise clean the environment in which the assault occurred. For information regarding a SANE (sexual assault nurse examiner) exam, call (405) 943-7273 to find out which Oklahoma City metro area hospital where the nurse examiner is currently on rotation.

Completing a sexual assault examination does not require you to file a police report, but having an examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails,

photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- The University of Oklahoma Police Department 934 N.E. Eighth St. Oklahoma City, OK 73104 (405) 271-4911 (Emergencies) (405) 271-4300 (Non-emergencies)

- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim’s ability.

Information About Legal Protection Orders

Oklahoma’s Victim Protective Order (VPO) is a court order that protects victims from abuse or harassment by an alleged offender. The order can be requested if someone is being stalked, harassed, raped or violently assaulted by a family member, partner, or household member. It can also be requested if the abuser is not a family member.

Information about Victim Protective Orders may be found at: <https://oklahoma.gov/okdhs/services/purpleribbon/vpo.html>.

A Victim Protective Order (VPO) in Oklahoma can be filed at the county courthouse in the county where the petitioner, defendant or abuse occurred. Additional information about how to file a petition for a VPO in Oklahoma County, Oklahoma (where the City of Oklahoma City and the HSC Campus are located) may be found at: <https://www.oklahomacounty.org/elected-offices/court-clerk/victim-protective-orders>.

- A VPO petition should be filed at the Oklahoma County Court Clerk’s Office. Petitions may be filed Monday through Friday, from 8 a.m. to 5 p.m. The address is: 320 Robert S. Kerr Ave., #409, Oklahoma City, OK 73102. The phone number is (405) 713-1735.
- The court clerk’s office can provide the necessary forms and may assist in completing the forms. Forms may also be found online at: <https://www.oklahomacounty.org/Portals/0/petition%20%281%29.pdf>. If seeking a VPO for harassment or stalking, **a police report listing you as the victim must be filed**. Provide a copy of the police report when filing for your VPO.

When a protection order is granted, it is enforceable nationwide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department. For enforcement on campus, contact OUPD at (405) 271-4911. For enforcement in the City of Oklahoma City, contact the Oklahoma City Police Department at (405) 297-1160.

The institution will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and

can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The institution does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the University and in the surrounding community. Those services include:

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the University of Oklahoma Police Department, in consultation with University administrators and offices including the Clery Compliance Coordinator and the Office of Legal Counsel constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- The University of Oklahoma Police Department, (405) 271-4911 for emergencies | (405) 271-4300 for non-emergencies

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify the University of Oklahoma Police Department at (405) 271-4911 of any emergency or potentially dangerous situation.

The University of Oklahoma Police Department will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the emergency,

other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the University of Oklahoma Police Department will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

The University of Oklahoma Police Department in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The University of Oklahoma Police Department will direct the issuance of emergency notifications, which will be accomplished using one or more methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

The University of Oklahoma Police Department will notify local law enforcement of the emergency if they are not already aware of it and the University's Marketing and Communications team will notify local media outlets in order that the larger community outside the campus will be aware of the emergency.

Testing & Documentation

The University tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times OUPD will meet to train and test and evaluate the University's emergency response plan.

The University of Oklahoma Police Department maintains a record of these tests and training exercises, including a description, the dates and times they were held and an indication of

whether they were announced or unannounced. In connection with at least one such test, the University will distribute information to its students and employees' to remind them of the University's emergency response and evacuation procedures.

Missing Student Policy

If a member of the University community believes a student living in on-campus housing is missing, that information should be reported immediately to the Director of Student Affairs for the Health Sciences Center at (405) 271-2416. Any University employee receiving a missing student report should immediately notify OUPD so that an investigation can be initiated.

Students residing in on-campus housing can identify confidentially an individual to be contacted by the University only if they are determined to be missing for over 24 hours. If a student has identified such an individual, the University will notify that individual no later than 24 hours after the student is determined to be missing. The option to identify a contact person in the event the student is determined missing is in addition to identifying a general emergency contact person, but they can be the same individual for both purposes. A student's confidential contact information will be accessible only by authorized campus officials, and it will only be disclosed to law enforcement personnel in furtherance of a missing student investigation.

A student who wishes to designate a confidential contact may do so by notifying the University Village Apartments manager in person or via University email.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the University will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the University will also notify that student's custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Annual Fire Safety Report

Housing Facilities and Fire Safety Systems

The University maintains on-campus housing for its students. Below is a description of fire

safety systems and the number of fire drills conducted during the previous calendar year.

Campus: OU Health Sciences, 1100 N. Lindsay, Oklahoma City, OK 73104-5499

Facility	Fire Alarm Monitoring Done on Site	Partial Sprinkler System	Full Sprinkler System	Smoke Detection	Fire Extinguisher Devices	Evacuation Plans & Placards	Number of evacuation (fire) drills in previous calendar year
University Village Apartments, 900 North Stonewall Avenue	X		X	X	X	X	2

Policies on Portable Appliances, Smoking and Open Flames

The use of unsupervised open flames, such as candles, and the burning of such things as incense, and smoking (including e-cigarettes/vaporizers) are prohibited in University Village Apartments. Fireworks and explosives of any kind are prohibited. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action

The University reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated, and discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave.

Whenever the fire alarm sounds, all occupants must exit the building and meet at the emergency evacuation safe location as designated by the University Village Apartment policies. In case of an actual fire or other emergency, residents will be moved to a designated alternate shelter area until notified it is safe to return to the building and room. When leaving the room, residents should close the door behind them. Students who do not vacate the building during the alarm will be subject to disciplinary action.

Upon the sounding of the alarm: 1. Move quickly to the nearest exit to your area. In an orderly fashion, go to the designated waiting area for further instructions. 2. Wear appropriate clothing and shoes if possible. Keep necessary items easily accessible for emergency use. Bring along your keys and ID if possible. 3. If you are away from your apartment when the alarm sounds, proceed to the nearest exit without returning to your apartment. 4. Do not use the elevator. Use stairways only

Fire Education and Training Programs

Fire safety instruction, including information related to policy and safety standards, are

provided to all tenants upon move in.

Reporting Fires

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly, and an alarm is not pulled or a response by the fire department was not necessary. These incidents must be recorded, too. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Health Sciences Campus Fire Marshal's Office at (405) 271-5522 or fire-marshall@ouhsc.edu. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

The University periodically reviews its fire safety protections and procedures. Currently, it has no plans for future improvements.

The University of Oklahoma

OU-Tulsa Campus

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The University of Oklahoma-Tulsa Police Department is responsible for campus safety at the University.

Officers of the University of Oklahoma Police Department (OUPD-Tulsa) are commissioned and sworn peace officers as authorized by state law and are certified by the Oklahoma Council on Law Enforcement Education and Training. Officers have the authority to make arrests and carry firearms. Additional non-commissioned, armed security personnel provide patrols in various sections of campus. University police officers are on duty 24 hours a day.

OUPD-Tulsa's jurisdiction covers all the Schusterman Center Campus and its associated properties, regardless of where they are situated, as well as the OU Health Family Medicine Center and the Wayman Tisdale Clinic. OUPD-Tulsa officers may also engage in routine traffic enforcement efforts on all streets owned and maintained by OU and on all Tulsa city streets adjacent to campus.

OUPD-Tulsa maintains a close working relationship with local law enforcement, including the Tulsa Police Department (TPD). OUPD-Tulsa has an agreement with the TPD giving concurrent jurisdiction between OUPD-Tulsa and TPD with agreed upon geographical boundaries. Said agreement was entered into on Feb. 1, 2015.

OUPD-Tulsa and its duly commissioned and certified police officers are further authorized to exercise their power and authority as peace officers within the City of Tulsa's jurisdiction in the following situations: when requested by any City Police Officer; or when necessary to complete any enforcement activities which began on University property or property adjacent thereto and continued outside the recognized boundaries in conjunction with and with assistance by TPD; or in any emergency situation where immediate action is necessary to prevent or avoid great bodily injury, loss of life or significant property damage or the escape of an offender who is reasonably believed to be fleeing from the scene of a crime or to be resisting arrest, provided however, OUPD-Tulsa must contact TPD to permit TPD to intercept the offender and/or take over the law enforcement activity, at which time OUPD-Tulsa shall relinquish control and jurisdiction.

Additionally, and subject to the jurisdictional boundaries set forth, OUPD-Tulsa officers may issue citations in lieu of arrest for certain citable municipal ordinance offenses as agreed to by the City and OUPD-Tulsa from time to time. The method of issuing citations; the citable offenses and the officers' obligations to provide reports, testimony and support to the City Municipal Court shall be consistent with current policies of TPD.

Campus Security Authorities

The University has designated certain officials to serve as campus security authorities. Reports of criminal activity can be made to these officials. They will ensure the crimes are reported for

collection as part of the University's annual report of crime statistics. The campus security authorities to whom the University would prefer that crimes be reported are listed below.

- The University of Oklahoma-Tulsa Police Department (Emergency) at 911 or (918) 660-3333
- The University of Oklahoma-Tulsa Police Department (Non-Emergency) at (918) 660-3900, Tulsa-campuspolice@ouhsc.edu
- Institutional Equity Officer and Title IX Coordinator at (405) 325-3546, ieo@ou.edu
- Associate Title IX Coordinator, OU-Tulsa Student Affairs at (918) 660-3107
- Human Resources, Employee Relations at (918) 660-3191
- OU-Tulsa Student Affairs at (918) 660-3000
- OU Advocates Helpline, M-F, 8 a.m.-5 p.m. at (918) 660-3163
- OU Advocates Helpline, After Hours (provided locally by Domestic Violence Intervention Services) at (918) 743-5763
- OU Report It! Hotline at (844) 428-6531, www.ou.ethicspoint.com
- Clery Act Compliance at www.ou.edu/clery/reporting

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- All crimes occurring on or near University property should be reported immediately to the University of Oklahoma Police Department. The number to contact is (918) 660-3333 for emergencies or (918) 660-3900 for non-emergencies. A dispatcher is available 24/7.
- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.
- Students, staff and visitors may also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.
- Anonymous incident reports can also be made by using the campus security authority online report form. The report form can be found at www.ou.edu/clery/reporting.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim, or disciplining the perpetrator will know the victim's identity.

Pursuant to the University's sexual misconduct policy, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but

not limited to, dating violence, domestic violence, sexual assault and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim's request, a report of the details of the incident can be filed with the University without revealing the victim's identity. Such a confidential report complies with the victim's wishes but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.

The University encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

Security of and Access to Campus Facilities

All academic buildings are secured during the evenings and weekends. During this time, access to the buildings is only allowed for faculty/staff members and students with authorized card access or University-issued keys. The Founders Student Center and the OU-Tulsa Fitness Center are accessible 24/7 with authorized card access.

Students and employees are asked to be alert and not circumvent practices and procedures meant to preserve their safety and that of others.

- Do not prop doors open or allow strangers into campus buildings that have been secured.
- Do not lend keys or access cards to non-students and do not leave them unattended.
- Do not give access codes to anyone who does not belong to the campus community.

Keys to the offices, laboratories and classrooms on campus will be issued to employees only as needed and after receiving the proper authorization. Each department supervisor is responsible for ensuring their area is secured and locked.

Employee and student ID Cards may be used to verify the identity of persons suspected to be in campus facilities without permission.

Security Considerations in the Maintenance of Facilities

Campus police officers and uniformed security personnel report any observed damage to security hardware, non-operational lights or other potential facility maintenance security problems to Facilities Management Work Control for repair.

Facilities Management is responsible for day-to-day maintenance and repair of all campus facilities, including campus residences. Its duties include routine and preventive maintenance

and may consist of repairing window glass, frames and hardware, room and building entrance doors, and stairway, hallway, and entry lights.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others, and to inform them about the prevention of crimes. These programs are discussed below.

Each semester, the University provides information to students and employees regarding the University's security procedures and practices. This information is in multiple forms, including presentations, posters, handouts, articles in the University newsletter and email blasts. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others' and practices regarding the University's emergency notification system and the issuance of timely warnings (Critical Alerts) and emergency notifications (Emergency Alerts).

Crime prevention programs are also presented throughout the academic year by Student Affairs and OUPD-Tulsa. Presentations outline ways to maintain personal safety. In addition, email blasts are periodically sent to students and employees with crime prevention and other safety tips. Additional information is available through the OUPD-Tulsa website, www.ou.edu/tulsa/police.

Monitoring Off Campus Locations of Recognized Student Organizations

OU-Tulsa does not have any student organizations officially recognized by the University that own or control off-campus locations, including off-campus housing facilities.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the paragraph's purposes.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault or stalking because under the Violence Against Women Act, both the accused and accuser in these cases are given the results without the need to make a written request.

Programs Related to Dating Violence, Domestic Violence, Sexual Assault, and Stalking

The following section of this report discusses the University’s educational programs to promote the awareness of dating violence, domestic violence, sexual assault and stalking.

Primary Prevention and Awareness Program:

The University conducts a Primary Prevention and Awareness Program (“PPAP”) for all incoming students and new employees. The PPAP advises campus community members that the University prohibits the offenses of dating violence, domestic violence, sexual assault and stalking.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in

the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign (“OPAC”) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts and guest speakers. A summary of this programming is provided below.

- New students receive education on the prevention of dating violence, domestic violence, sexual assault and stalking through a presentation by Student Affairs during various program-specific or campus-wide orientation sessions. All new employees are required to complete an online training module on these topics upon hire and are required to retake the online training each year.
- As part of its ongoing campaign, the University uses a variety of strategies, such as in-person presentations by trained University staff with content expertise, email blasts with pertinent information, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

OU-Tulsa Campus Programming Includes:

Annual programming for students, faculty and staff can include programs such as Our Voice Active Bystander Training for students, faculty and staff; guest speakers and events such as White Ribbon Campaign; Domestic Violence Awareness Month; Sexual Assault Awareness Month; Stalking Awareness Month; and various mental health and wellness presentations by Student Counseling Services. See also tulsa.ou.edu/studentaffairs.

Online Sexual Misconduct Awareness Training: This is a mandatory sexual misconduct awareness training program for all students. Additionally, all faculty and staff are required to take an interactive web-based training and quiz discussing the University’s gender discrimination, sexual harassment and sexual misconduct policy and gender-based issues. Refer to onpoint.ou.edu for the quiz and <https://www.ou.edu/eoo> for the policies.

Procedures to Follow if You Are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault or stalking, go to a safe place and call 911 or the University of Oklahoma Police Department at (918) 660-3333. You may also contact the University’s Title IX Coordinator at (405) 325-3546, the Associate Title IX Coordinator for the OU-Tulsa Campus at (918) 660-3107 or call or WhatsApp the OU

Advocates 24/7 helpline at (405) 615-0013.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair and fluid evidence. Do not bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a sexual assault examination at Hillcrest Medical Center: 1120 S. Utica Ave., Tulsa, OK 74104 | www.hillcrestmedicalcenter.com | (918) 579-1000.

Completing a sexual assault examination does not require you to file a police report, but having an examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- The University of Oklahoma Police Department: 4502 E. 41st St., Building 5, Tulsa, OK 74135 | (918) 660-3333 (Emergencies), (918) 660-3900 (Non-emergencies)
- Tulsa Police Department–Riverside Division: 7515 Riverside Pkwy., Tulsa, OK 74136 | 911 (Emergencies), (918) 596-1100 (Non-Emergencies)
- To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim's ability.

Information About Legal Protection Orders

Oklahoma's Victim Protective Order (VPO) is a court order that protects victims from abuse or harassment by an alleged offender. The order can be requested if someone is being stalked,

harassed, raped or violently assaulted by a family member, partner, or household member. It can also be requested if the abuser is not a family member.

Information about Victim Protective Orders may be found at: <https://oklahoma.gov/okdhs/services/purpleribbon/vpo.html>.

A Victim Protective Order (VPO) in Oklahoma can be filed at the county courthouse in the county where the petitioner, defendant or abuse occurred. Additional information about how to file a petition for a VPO in Tulsa, Oklahoma (where the City of Tulsa and the OU-Tulsa Campus are located) may be found at: <https://courtclerk.tulsacounty.org/Home/ProtectiveOrders#:~:text=Protective%20orders%20to%20be%20filed,her%2Fhim%20to%20the%20FSC.>

- A VPO petition should be filed in the Family Department located on the 2nd floor of the Tulsa County Courthouse. Generally, all paperwork must be completed by 2:30 p.m. to be processed for a judge's review that day. The address is 500 South Denver Ave., Room 200, Tulsa, OK 74103. The phone number is (918) 596-5445.
- The court clerk's office can provide some of the necessary forms, and the Family Department may assist in completing the forms. Note that there are additional forms that will have to be completed in person. Forms may also be found online at: https://www.oscn.net/static/forms/aoc_forms/protectiveorders.asp. If seeking a VPO for harassment or stalking, **a police report listing you as the victim must be filed.** Provide a copy of the police report when filing your VPO.

When a protection order is granted, it is enforceable nationwide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department. For enforcement on campus, contact OUPD-Tulsa at (918) 660-3900. For enforcement in the City of Tulsa, contact the Tulsa Police Department at (918) 596-1100.

The institution will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The institution does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a "no trespass warning" if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

Sex Offender Registration Program:

The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this

campus may do so by contacting the Training and Compliance Officer at (918) 660-3906. State registry of sex offender information may be accessed at the following link: <https://sors.doc.ok.gov/ords/svorp/sors/r/sors/disclaimer>

Timely Warnings and Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the University of Oklahoma Police Department, in consultation with University administrators and offices including the Clery Compliance Coordinator and the Office of Legal Counsel constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- The University of Oklahoma-Tulsa Police Department, 911 or (918) 660-3333 for emergencies | (918) 660-3900 for non-emergencies

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Emergency Response

The University has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to, tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

Students, staff and visitors are encouraged to notify the University of Oklahoma Police Department at University of Oklahoma Police Department of any emergency or potentially dangerous situation.

The University of Oklahoma Police Department will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the University of Oklahoma Police Department will consult with other appropriate University officials to determine the

appropriate segment or segments of the University community to be notified.

The University of Oklahoma Police Department, in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.

The University of Oklahoma Police Department will direct the issuance of emergency notifications, which will be accomplished using one or more methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

The University of Oklahoma Police Department will notify local law enforcement of the emergency if they are not already aware of it and the University's Marketing and Communications team will notify local media outlets in order that the larger community outside the campus will be aware of the emergency.

Testing & Documentation

The University tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Environmental Health and Safety Office will meet to train and test and evaluate the University's emergency response plan.

The Environmental Health and Safety Officer and OU Fire Marshal maintains a record of these tests and training exercises, including a description, the dates, and times they were held and an indication of whether they were announced or unannounced. In connection with at least one

Section I: Introduction

Founded in 1890, the University of Oklahoma (“OU” or “University”) is a public research university with its main campus located in Norman, Oklahoma. OU’s Norman undergraduate population is slightly more than 20,000, giving students a major university experience in a private college atmosphere. The University has multiple campuses in Oklahoma and offers study abroad opportunities at several locations including OU campuses overseas.

The University consists of Norman Campus, Health Sciences, and OU-Tulsa Schusterman Center.

The Norman Campus and the offices of administration are located on some 3,500 acres in Norman, a city of more than 120,000 residents. The Norman Campus consists of four sections – central campus, south campus, research campus, and north campus. Situated on the central campus are the University residence halls, which include residential colleges and other upperclassman housing; Sarkeys Energy Center; University Libraries; Fred Jones Jr. Museum of Art; Donald W. Reynolds Performing Arts Center, including historic Holmberg Hall; Rupel Jones Fine Arts Center, including Elsie C. Brackett Theatre; Catlett Music Center, including Sharp Concert Hall and Pitman Recital Hall; Oklahoma Memorial Union; recreational facilities, including the Sarkeys Fitness Center and the Murray Case Sells Swim Complex; Gaylord Family – Oklahoma Memorial Stadium; the Everest Indoor Training Center; and the Oklahoma Center for Continuing Education, a year-round educational center and conference site.

OU Extended Campus is centrally located on the Norman Campus. The College of Professional and Continuing Studies (EC-PACS) exists to provide access to transformational, world-class University of Oklahoma degrees, certifications, and programs for a diverse group of learners. OU Extended Campus is best characterized by the populations it serves, as well as the specialized academic programming it offers. Primarily focusing on the higher education needs of place-bound working adults, military-connected personnel, and those seeking specialized study in selected professional areas, the EC-PACS offers a variety of degrees at both graduate and undergraduate levels, including several programs offered collaboratively with other OU colleges, utilizing a variety of delivery modes (fully online, hybrid, onsite, cohort-based, etc.).

Immediately adjacent to main campus is the south campus, site of the College of Law; the OU Foundation; OU Traditions apartments; the world-class Sam Noble Oklahoma Museum of Natural History; Lloyd Noble Center and parking complex; the John Crain Field at the OU Soccer Complex; the Headington Family Tennis Center; the Gregg Wadley Tennis Pavilion; the Jimmie Austin University of Oklahoma Golf Course; L. Dale Mitchell Baseball Park; Love Field – OU Women’s Softball Complex; the Sam Viersen Gymnastics Center; the OU Rugby Field; the OU Rowing Training Center; and the OU Learning Center.

The research campus brings together 1,700 workers across academic, federal, state, and industrial organizations in a mutually beneficial environment. North campus, which is two miles north of the main campus, includes the Merrick Computer Center; Max Westheimer Airport, the University-operated airport that also serves the City of Norman; and Swearingen Research Park, where government agencies and industry have established facilities.

The University of Oklahoma Health Sciences

is one of the most comprehensive academic health centers in the nation, with programs in

Oklahoma City, Tulsa, Weatherford, Duncan, Norman, Ardmore, and Lawton; six professional Colleges and the Graduate College; and research centers of excellence such as the Stephenson Cancer Center, Harold Hamm Diabetes Center, and Dean McGee Eye Institute. Students enroll in programs at the College of Allied Health, College of Dentistry, College of Medicine, School of Community Medicine–Tulsa, Fran and Earl Ziegler College of Nursing, College of Pharmacy, Hudson College of Public Health, and Graduate College.

The OU-Tulsa Schusterman Center is located in midtown Tulsa at 41st and Yale. On this campus, both the OU Health Sciences and the OU Norman Campus offer programs. Additionally, the OU Polytechnic Institute (OUPI) operates solely from the OU-Tulsa Campus, and will welcome its first students in Fall 2024 within our Cybersecurity bachelor’s degree program.

Objectives of the Biennial Review

The Drug-Free Schools and Campus Regulations require institutions of higher education to conduct a biennial review of its drug and alcohol training and awareness program to determine its effectiveness, implement changes if needed, and ensure that the sanctions developed are enforced consistently. The reporting period covered in this report is January 1, 2022, through December 31, 2023. In compliance with the Code of Federal Regulations, 34 CFR Part 86, of The Drug-Free Schools and Communities Act (DFSCA), the biennial review includes the following objectives:

1. Determine the effectiveness of, and to implement any needed changes to, the AOD prevention programs.
2. Ensure that campuses enforce the disciplinary sanctions for violating standards of conduct consistently

The Board of Regents of the University of Oklahoma (“University”), in consultation with students, faculty, and staff, developed the Policy on Prevention of Alcohol Abuse and Drug Use on Campus and in the Workplace as required by the Drug-Free Schools and Communities Act. This policy, which is reviewed annually and updated as needed, provides a description of the standards of conduct that prohibit the unlawful possession, use or distribution of illicit drugs and alcohol on University property or as part of any University-sponsored activities; a description of applicable legal sanctions under local, state or federal laws for the unlawful possession or distribution of illicit drugs and alcohol; a description of the health risks associated with the use of illicit drugs and abuse of alcohol; a description of Employee Assistance Programs and Student Counseling Programs; and, a clear statement of sanctions imposed for violations of the standards of conduct. This policy is distributed annually to all students and employees.

Section II: Review of Alcohol and Other Drug (“AOD”) Prevention Programs

AOD Program Goals

The AOD Program at the University is a cornerstone of our commitment to fostering a healthy

and safe environment for all members of our community. Recognizing the profound impact that alcohol and drug use can have on individuals and the broader community, our AOD program is designed with a dual purpose: to prevent substance abuse and to provide support and intervention for those in need.

Our organization places a high priority on the well-being and safety of our community, and the AOD program plays a vital role in creating a culture of responsibility, awareness, and support. By addressing the complex issues surrounding alcohol and other drug use, we aim to enhance the overall quality of life for our community members and contribute to a positive and thriving organizational atmosphere.

The significance of the AOD program lies in its proactive approach to prevention, early intervention, and ongoing support. Through a combination of educational initiatives, intervention strategies, and accessible resources, we strive to empower individuals to make informed choices regarding their well-being. Through collaboration, education, and a dedication to best practices, we endeavor to create an organizational culture that values the health and safety of each member.

Description of AOD Programs

Numerous Student Affairs campus departments, the Hudson College of Public Health, the Athletic Department, Human Resources, University Outreach, and the University's Police Departments share responsibility for prevention activities. The University recognizes that alcohol and other drug use is a major health concern and that it is best addressed holistically to increase educational resources for its campus community. Student Affairs departments including Health Services, University Counseling Center, Student Conduct, Student Life, Health Sciences Student Affairs, Health Sciences Student Counseling Services, Residence Life, Fitness and Recreation, OU-Tulsa Student Affairs, Southwest Prevention Center, and Student Media all contribute to prevention activities to reduce the effects of alcohol and other drug abuse in the University community.

<p>Description: Colleges and educational programs housed within OU Health Sciences utilize multiple avenues of education, awareness, and support regarding the challenges around alcohol and drug use for future health care professionals and licensed practitioners. During the application and interview process, applicants are reminded of the implications of alcohol and/or drug related convictions in relation to professional licensure. OU Health Sciences students enrolled across each of the seven health professions colleges receive varying levels of instruction related to their specific academic program, through course curriculum, educational panels, and co-curricular programming centered on the effects of substance abuse and addiction in the life of a practitioner. In the event of a reported incident or need, students enrolled in colleges such as Pharmacy, Medicine, Dentistry, and Nursing may also receive support and counseling from their respective state boards.</p>

Section IV: Evaluation of Programs

Alcohol and Other Drug (“AOD”) Program Elements

Program Element 1: Biennial Oversight

The Biennial Review is systematically conducted by the Biennial Review Committee, a dedicated committee responsible for assessing and enhancing AOD policies and programs. This committee oversees the comprehensive review process, ensuring that all aspects of the AOD program are thoroughly examined for compliance with regulations and effectiveness in achieving its goals.

Program Element 2: Biennial Review Committee Collaboration

The Biennial Review Committee collaborates with various stakeholders, including campus and community partners, to gather diverse perspectives and insights. This collaborative approach fosters a comprehensive understanding of the local context and allows for the incorporation of varied strategies and resources into the prevention efforts.

Program Element 3: Environmental Strategies Implementation

The Biennial Review Committee employs the five environmental strategies as key intervention areas to address the social, legal, economic, and physical environment influencing decisions about alcohol use. These strategies include:

- (1) Policy and Enforcement: Implementing and enforcing clear policies regarding alcohol use, possession, and distribution on campus.
- (2) Norms and Culture: Fostering a positive campus culture that promotes responsible and healthy behavior regarding alcohol consumption.
- (3) Education and Prevention: Implementing educational campaigns and prevention programs to inform the community about the risks associated with alcohol and other drug use.
- (4) Access and Availability: Monitoring and regulating the availability of alcohol on campus, including restrictions on sales and events.
- (5) Community Mobilization: Engaging the campus and local community in collabora-

tive efforts to address alcohol-related issues collectively.

Program Element 4: Biennial Review Committee Recommendations and Action Plans

Based on the findings of the Biennial Review, the Biennial Review Committee develops actionable recommendations to strengthen the prevention program. These recommendations may involve adjustments to policies, enhancements to educational initiatives, or the introduction of new interventions. Clear action plans are formulated to implement these recommendations, fostering a continuous improvement cycle.

Program Element 5: Data-Driven Decision-Making

The Biennial Review Committee utilizes data collection and assessment tools to inform decision-making. This includes gathering information on the prevalence of alcohol and drug use, the effectiveness of prevention initiatives, and the overall impact on the community. The insights derived from data analysis guide evidence-based strategies and adjustments to the program.

AOD Program Strengths and Weaknesses

Strengths:

1. **Comprehensive Oversight:** The Biennial Review is conducted by a dedicated committee, ensuring a thorough and systematic examination of AOD policies and programs. This comprehensive oversight contributes to the effectiveness and compliance of the AOD program.
2. **Stakeholder Collaboration:** The Biennial Review Committee actively collaborates with various stakeholders, including campus and community partners. This collaborative approach fosters a diverse and inclusive perspective, enriching the prevention strategies with varied insights and resources.
3. **Environmental Strategy Implementation:** The AOD program strategically addresses the social, legal, economic, and physical environment through the five environmental strategies. This approach ensures a multifaceted intervention, targeting the various factors influencing alcohol use decisions on campus. These programs and tactics include:
 - Providing a mandatory online alcohol education program to all incoming undergraduate students, including transfer students, age 20 and under, on the Norman campus.
 - Requiring a Face-to-face alcohol education program for all first-year housing residents and commuter students in Norman.
 - Integrating mandatory alcohol education sessions into Residence Life curriculum through the Comprehensive Alcohol Program which is facilitated by trained Peer Educators.
 - Providing Tailored mandatory alcohol education sessions for fraternity and sorority members, student athletes, marching band members, Norman campus international students, and students in health classes.

- Requiring all first-year Norman Campus students to live on campus.
4. Data-Driven Decision-Making: The AOD program emphasizes data collection and assessment tools to inform decision-making. Data-driven insights enable evidence-based strategies, allowing for continuous improvement and targeted interventions.
 5. Biennial Review Committee recommendations: The Biennial Review Committee formulates actionable recommendations based on the findings of the Biennial Review. A clear action plan ensures that identified weaknesses are addressed, and strengths are leveraged for ongoing enhancement.

Weaknesses & Recommendations

1. Resource Constraints: Resource limitations may hinder the implementation of certain prevention initiatives. Inadequate resources could compromise the effectiveness of the AOD program, especially in areas such as education and prevention campaigns.
2. Continue expanding drug and alcohol awareness programs across campuses to include motivational interviewing strategies and individualized feedback of alcohol and drug related behaviors
3. Continue to integrate and expand prevention messages to include other healthy lifestyle issues such as tobacco use cessation, sexual health, and nutrition.
4. Continue to use normative messages that support academic engagement, sexual health, and volunteerism.
5. Health Sciences Student Affairs will continue to partner with all OU Health Sciences colleges to increase the attention and awareness of mindfulness and well-being of the whole student as a learner and future health care professional.
6. Develop assessment strategies for OU Health Sciences and OU-Tulsa student programming.
7. The University will continue to increase drug and alcohol awareness programs online.
8. The University will expand the use of Screening, Brief Intervention, and Referral to Treatment (SBIRT) to identify risky behavior, provide brief interventions, and refer students for professional help.
9. Foster campus and community partnerships to carry out effective environmental prevention strategies in the communities surrounding the University campuses to reduce underage alcohol use.

V. AOD Assessments, Surveys, and Data Collection

The University has developed a comprehensive four-component evaluation of its programs related to alcohol and drug issues. Below is a list of the type of data collected. The data include a first component, a survey (ACHA-NCHA) obtained from random sample of all undergraduate students. This survey provides useful information on a wide variety of data points related to alcohol and drug use behaviors and consequences. The data collected allow the University to track behaviors on campus over time and compare its campus statistics to national statistics

from other universities. For the second component, all first-year students complete a face-to-face alcohol education program and complete an evaluation following their participation. This evaluation provides feedback on course contact and impact on future behaviors. The third component of the assessment plans involves focus groups where the University invites approximately 30 students to one of several focus groups in the spring semester. Students are asked for their feedback on the entire alcohol prevention program and to provide information on useful programs for the future. Finally, for the fourth component, data is collected relating to University sanctions and analyzed for trends over time. This comprehensive evaluation plan allows the University to assess the impact of the programs and identify gaps in its efforts to be addressed in future years. Below is a list of assessments used:

- i. American College Health Association–National College Health Assessment (ACHA-NCHA)
- ii. First Year Student Alcohol Program Evaluation
- iii. Annual Student Conduct Report of Alcohol and Drug Violations
- iv. Student Conduct Benchmarking Survey
- v. Student Conduct Targeted Survey
- vi. Student Counseling Groups

APPENDIX A: STANDARDS OF CONDUCT AND ALCOHOL AND OTHER DRUG ABUSE PREVENTION POLICIES

POLICY ON PREVENTION OF ALCOHOL ABUSE AND DRUG USE ON CAMPUS AND IN THE WORKPLACE

Policy in effect until July 31, 2024⁴

See: <http://studentconduct.ou.edu>

The University recognizes its responsibility as an educational and public service institution to promote a healthy and productive work environment. This responsibility demands implementation of programs and services, which facilitate that effort. The University is committed to a program to prevent the abuse of alcohol and the illegal use of drugs and alcohol by its students and employees. The University program includes this policy, which prohibits illegal use of drugs and alcohol in the workplace, on University property, or as part of any University-sponsored activities. In order to meet these responsibilities, University policy:

1. Requires all students and employees shall abide by the terms of this policy as a condition of initial and continued enrollment/employment.
2. Recognizes that the illegal use of drugs and alcohol is in direct violation of local, state, and federal laws as well as University policies included in this policy, the Staff and Faculty Handbooks, and the Student Rights and Responsibilities Code. This policy strictly prohibits the illegal use, possession, manufacture, dispensing, or distribution of alcohol, drugs, or controlled substances in the workplace, on University premises, as a part of any University-sponsored activities.
3. Considers a violation of this policy to be a major offense which can result in a requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the University. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy.
4. Recognizes that violations of applicable local, state, and federal laws may subject a student or employee to a variety of legal sanctions including, but not limited to, fines, incarceration, imprisonment, and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities. A current listing of applicable local, state, and federal sanctions can be obtained through the Offices of Student Affairs and Human Resources.
5. Requires an employee to notify his/her supervisor in writing of a criminal conviction for drug or alcohol-related offenses occurring in the workplace no later than five calendar

⁴ Starting August 1, 2024 see <https://universityok.navexone.com/content/dotNet/documents/?docid=391&app=pt&source=browse&public=true>

days following the conviction.

6. Provides access to the University's Employee Assistance Programs and Student Counseling Services for counseling and training programs to inform students and employees about the dangers of drug and alcohol abuse. Voluntary participation in or referral to these services is strictly confidential.
7. Forbids an employee from performing sensitive safety functions while a prohibited drug is in his/her system.
8. Mandates pre-employment drug testing of employees who will be performing safety-sensitive functions, (as defined by federal law) prior to employment, when there is reasonable cause, after an accident, on a random basis, and before allowing an employee or student to return to duty after refusing to take a drug test or after not passing a drug test. (Safety-sensitive functions are defined pursuant to federal law. Further information regarding safety-sensitive functions and related positions is available for review in Human Resources.)
9. Provides for annual distribution of this policy to all staff, faculty, and students.

Health risks generally associated with alcohol and drug abuse can result in but are not limited to a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders.

The University's Employee Assistance Programs and Student Counseling Services staff are responsible for informing students and employees about the dangers of drug and alcohol abuse and the availability of counseling and rehabilitation programs. The appropriate provost or executive officer is responsible for notifying federal funding agencies within 10 calendar days whenever an employee is convicted of a drug-related crime that occurred in the workplace. This policy is based on the Drug Free Workplace Act of 1988 (P.L.100-690, Title V, Subtitle D) and the Drug Free Schools and Communities Act Amendments of 1989 (P.L.101-226) and is subject to the grievance procedure as stated in the Staff and Faculty Handbooks and the University discipline system as outlined in the Student Rights and Responsibilities Code.

STUDENT ALCOHOL POLICY

See <http://studentconduct.ou.edu>

All campus-affiliated student organizations and all students who are currently enrolled at the University of Oklahoma or are pre-enrolled for subsequent semesters and have attended the institution for at least one semester in the current or past academic year are responsible for following federal, state and local laws and the Student Rights and Responsibilities Code. Students enrolled on the Norman Campus and in Norman Campus Extension Programs are also subject to the Student Alcohol Policy:

- (1) All fraternities, sororities, and residence halls shall be dry. Alcoholic beverages will not be allowed inside fraternity houses, sorority houses, and OU residence halls or on the grounds surrounding them. Fraternity officers and members will sign an agreement to abide by this policy, which will be strongly enforced. Enforcement for campus alcohol violations and

punishments has been increased.

(2) To curtail alcohol abuse on and off campus, the University has adopted a mandatory, minimum “Three Strikes” policy. The first alcohol violation, whether off campus or on campus, automatically will result in appropriate parent/guardian notification and further alcohol education. A second violation will also automatically carry parent/guardian notification and an appropriate sanction. A third violation will result in automatic suspension from the University for a minimum of one semester. Parents/guardians will be informed of this policy at the time their son or daughter enrolls at OU.

(3) Events where alcohol is served, which are sponsored by campus-affiliated student organizations, shall be restricted to only Friday nights and Saturday nights.

(4) Transportation to and from off-campus parties sponsored by campus-affiliated student organizations shall include designated drivers or public transportation provided by the sponsoring group.

(5) Alcohol education programs have been expanded and all entering undergraduate students, age 20 and under, are required to complete these programs to remain in good standing. In addition, upon joining a fraternity or sorority, new members will participate in a University-approved alcohol education program before their new member program begins.

(6) An anonymous, confidential hotline has been established where violations of the anti-hazing and dry fraternity, sorority, and residence hall policies may be reported.

(7) All fraternity and sorority recruitment events are alcohol-free. In addition, regulations have been established for IFC fraternities to regulate summer recruitment activities. These regulations include: mandatory registration of recruitment-related facilities, notification one calendar week prior to recruitment events, and open invitations to IFC and University representatives to attend any recruitment activities.

(8) Campus-affiliated student organizations are required to present a plan annually for organizationally-sponsored events prior to any activities where alcohol is served.

(9) Fraternity and Sorority Student Life has enhanced the University’s statement on prohibited hazing activities. Fraternity and sorority officers will sign a pledge to abide by this policy and report violations. It will also be provided to new members who will sign a statement promising to report violations. This statement on prohibited hazing activities will also be given to the new members’ parents/guardians, who will be urged to report any violations.

(10) The University has established a formal relationship with licensed alcohol counselors for immediate student referrals.

(11) The University has established the SafeRide program that is contracted with local public transportation companies to provide safe rides to discourage drinking and driving.

(12) Because of the critical student health and safety issues, any conflicting policy or process will be waived.

THREE STRIKES POLICY

Definition of a Strike

A “strike” is the University’s official recognition of a student’s or organization’s violation of the University’s Student Alcohol Policy. Nothing herein shall waive a student’s right to due process. A strike is a final University disciplinary action that finds the accused guilty of an alcohol-related violation. A student or organization may be charged with an alcohol-related

violation based on the following:

1. A conviction, deferred sentence, or a plea that has the effect of conviction of an alcohol-related violation of which the University is made aware;⁵ or
2. A University finding or allegation that a student or organization may have committed an alcohol-related violation prohibited by the Student Rights and Responsibilities Code. Such violations include, but are not limited to, the conduct prohibited by Title 16 of the Student Rights and Responsibilities Code, the Student Alcohol Policy, incident reports and citations. Upon notification of the foregoing, or any other violation reasonably related to alcohol, the University may charge the student pursuant to the Student Rights and Responsibilities Code and the student shall be entitled to an appropriate hearing as defined by the Student Rights and Responsibilities Code. Whether by decision of an appropriate disciplinary body, administrative official, or by a negotiated settlement, any final University disciplinary action resulting in a finding of guilt for an alcohol-related violation shall be considered a strike.⁶

Reporting Mechanisms

The University may act on any reliable information it receives. Although not an exhaustive list, the University may be notified of prohibited conduct in the following ways:

1. A police report from the University of Oklahoma Police Department;
2. A police report from the Norman Police Department;
3. Reports from other law enforcement or security agencies that are received by the University;
4. Notification by a University official that an alcohol violation occurred; or
5. Any other information deemed reliable by the University that comes to the attention of a University official.

Once notified of alleged prohibited conduct, the University may investigate the information received to determine if the conduct constitutes a violation prior to taking action. Nothing herein shall waive a student's right to due process.

The University strongly supports and encourages any student seeking transportation assistance in the event he/she cannot safely operate a motor vehicle. Further, the University strongly supports and encourages students seeking medical and/or mental health care in the event of alcohol-related illness or other concerning behavior related

⁵ Alcohol violations and misconduct shall include, but shall not be limited to, minor in possession; public intoxication; manufacture, use or possession of false identification; driving under the influence, driving while intoxicated, actual physical control and involvement in a crime while under the influence. Student Affairs, by and through the Student Conduct Office, shall determine if a charge is alcohol-related; however, the final determination shall be made by an appropriate disciplinary body or administrative official.

⁶ A final disciplinary action shall be a decision to which no further right of appeal exists in the Student Rights and Responsibilities Code.

to alcohol use. To ensure students prioritize their own safety and health, the University shall not utilize information that a student has sought or accessed medical/mental health treatment or the SafeRide program as a basis upon which to initiate disciplinary action or as evidence in any disciplinary proceeding.

THREE STRIKES POLICY SANCTIONS

INDIVIDUAL SANCTIONS:

The following sanctions are mandatory minimum sanctions for alcohol violations. Based on the severity of the infraction, the University reserves the right to impose any appropriate additional sanction(s). Any violation by an individual student remains part of the individual's record until graduation. If a student is suspended after the 3rd strike and is readmitted to the University of Oklahoma, the student is readmitted with 2 strikes.

1st Strike

- Parent/Guardian notification via return receipt certified mail.
- \$75.00 administrative fee.
- Satisfactorily complete a defined alcohol education program.
- Censure. The notation of Censure shall be removed upon graduation from the University of Oklahoma subject to completion of disciplinary sanctions.

2nd Strike

- Parent/Guardian notification via return receipt certified mail with a follow-up telephone call.
- \$150.00 administrative fee.
- Satisfactorily complete an approved alcohol counseling program.
- Satisfactorily complete 20 hours of approved community service.
- Disciplinary probation. The notation of Disciplinary probation shall be removed upon graduation from the University of Oklahoma subject to completion of disciplinary sanctions.

3rd Strike

- Parent/Guardian notification via return receipt certified mail with a follow-up telephone call.
- Automatic suspension.

Deferred Strike

The following individual alcohol violations shall be entitled to an automatic deferred first strike: minor in possession and/or public intoxication. In other similar, limited circumstances the University Vice President for Student Affairs, at his/her sole discretion, may grant a deferral for a first strike. A first strike based on a Driving Under the Influence (DUI) incident is not eligible for deferral. A deferred first strike will not be considered a "violation" and will not be maintained as a disciplinary record of the University unless the student commits another alcohol violation of any nature, within the 12-month period of deferral. In such event, the deferral of the first strike shall be revoked and the second alcohol violation shall be

considered a second strike. To qualify for the ultimate removal of the deferred first strike, the student must not commit any other alcohol violation for a period of 12 months from the date the student is found responsible by the University for the deferred alcohol violation. Moreover, students are only entitled to one deferred strike during their attendance at the University.

Removal of Individual Strike

A student who has received a first strike may request that the strike and the record be removed from his/her student file provided the student meets the relevant eligibility criteria and provides documents evidencing the following criteria. This request must be made in writing to the Student Conduct Officer. In order to be eligible to request to have the strike and the record removed from his/her student file at the University, the student must present documentation of the following:

- (1) it has been one year since the student was found responsible by the University for an alcohol violation;
- (2) the student has not received any additional charges or alcohol related violations on or off campus since the student was found responsible by the University for the alcohol violation at issue;
- (3) the student timely completed all agreed upon sanctions required by the University.

Removal of the strike is at the sole discretion of the University Vice President for Student Affairs or his/her designee. Additionally, this opportunity for a student to have a first strike removed from his/her University record does not apply to DUIs applies only to charges under the University's Three Strike Policy, and in no way limits any other available action by the University including, but not limited to, any violation of the Student Rights and Responsibilities Code. Moreover, a student is only entitled to one strike removal during his/her attendance at the University.

ORGANIZATIONAL SANCTIONS:

Organizational sanctions will be administered based on the possession and use of alcohol in an organization's residence facility or the illegal or prohibited use of alcohol at an organizational event.

Before imposing an organizational sanction, as opposed to solely an individual sanction, the University will consider the entirety of the circumstances surrounding the organizational event, including, but not limited to, whether:

- (1) the alcohol violation was endorsed, sponsored, sanctioned, enabled, furthered, or funded, in whole or in part, by the organization, its officers, or the officers of its local, state, or national organization acting with actual or apparent authority, and any of them knew or should have known of the alcohol violation and they took insufficient action to prevent or cease the violation; or
- (2) the alcohol violation occurred on property owned, leased, rented or occupied by the organization, and the officers of the organization took insufficient action to prevent or cease an alcohol violation they knew or should have known existed; or

- (3) alcohol is located in the organization's campus or campus-affiliated residence facility (e.g. fraternity/sorority chapter houses), unless otherwise exempted; or
- (4) regardless of its location, the alcohol violation occurred at an event or any gathering of two or more individuals of the organization conducted in furtherance of the mission or purpose of the organization, including any event, program or ceremony; or
- (5) the alcohol violation occurred at any gathering utilizing the organization's name or logo, or that was advertised by the organization; or
- (6) the alcohol violation occurred at any gathering of two or more individuals that would typically be in furtherance of the organization's activities but is designed to circumvent these rules.

The Vice President for Student Affairs has the discretion to determine whether, based on the criteria above and the totality of the circumstances, the alcohol violation occurred at an organization event and warrants an organizational sanction.

Any violation by the group remains part of the organization's "Three Strikes" record for a period of three calendar years, unless the organization requests and the University grants removal of an eligible first strike in accordance with the Student Alcohol Policy, below.

1st Strike

- At the discretion of the University and after considering all relevant information, the University will impose a minimum administrative fee of \$500.00 or a per capita rate of \$1.00 to \$20.00 based on the organization's membership at the time of the violation, whichever is more appropriate.
- 100% of the organization's membership must complete a defined alcohol education program.
- An aggregate community service requirement for the organization of 10-25 hours per capita based on the organization's membership at the time of the violation. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of the sanction.
- Censure: A written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanctions in the event of the finding of a violation of any University regulation within a stated period of time. This type of action does not create new restrictions for the organization.

2nd Strike

- At the discretion of the University and after considering all relevant information, the University will impose a minimum administrative fee of \$1,000.00 or a per capita rate of \$5.00 to \$20.00 based on the organization's membership at the time of the violation, whichever is more appropriate.
- 100% of the organization's membership must complete a defined alcohol education program.
- An aggregate community service requirement for the organization of 10 to

25 hours per capita based on the organization's membership at the time of the violation. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of this sanction.

- **Disciplinary Probation:** Exclusion from participation in privileged or extra-curricular University activities set forth in the notice for a period of time specified. Other conditions of probation may apply to any other activities of the organization in the University community, except those that would affect the organization's academic pursuits.

3rd Strike

- At the discretion of the University and after considering all relevant information, the University will impose a minimum administrative fee of \$1,500.00 or a per capita rate of \$10.00 to \$20.00 based on the organization's membership at the time of the violation, whichever is more appropriate.
- 100% of the organization's membership must complete a defined alcohol education program.
- An aggregate community service requirement for the organization of 10 to 25 hours per capita based on the organization's membership at the time of the violation. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of this sanction.
- **Organizational Suspension:** The organization will be suspended for a minimum of one year. University approval is required before the organization will be reinstated.

Removal of Organizational Strike

An organization that has received a first strike may request that the strike and the record be removed from its file provided the organization meets the relevant eligibility criteria and provides documents evidencing the following criteria. This request must be made in writing to the Student Conduct Officer. In order to be eligible to request to have the strike and the record removed from its file at the University, the organization must present the following documentation:

- (1) it has been one year since the organization was found responsible by the University for an alcohol violation;
- (2) the organization has not received any additional charges or alcohol related violations on or off campus, since receiving the alcohol violation at issue;
- (3) the organization timely completed and exceeded all sanctions required by the University.

Removal of an organizational strike is at the sole discretion of the University Vice President for Student Affairs. Additionally, this opportunity for an organization to have a first strike removed from its University record applies only to charges under the University's Three Strikes Policy and in no way limits any other available action by the University including, but not limited to,

any violation of the Student Rights and Responsibilities Code.

If removal of the strike is granted, the Organization cannot request the removal of another strike for a period of three calendar years from the date the strike is removed. Organizations are not eligible for deferred strikes.

7.6.2.11 Prevention of Alcohol Abuse and Drug Use on Campus and in the Workplace Effective August 1, 2024

<https://universityok.navexone.com/content/dotNet/documents/?docid=151&public=true>

The University recognizes its responsibility as an educational and public service institution to promote a healthy and productive community and work environment. This responsibility demands implementation of programs and services which facilitate that effort. The University is committed to a program to prevent the abuse of alcohol and the illegal use of drugs and alcohol by its students and employees. The University program includes this policy which prohibits illegal use of drugs and alcohol in the workplace, on University property, or as part of any University-sponsored activities; and on the Norman Campus the Student Rights and Responsibilities Code, Student Alcohol Policy, and the Three Strikes Policy. It shall be Board of Regents' policy that:

- 1) All students and employees shall abide by the terms of this policy as a condition of initial and continued enrollment/employment.
- 2) The illegal use of drugs and alcohol is in direct violation of local, state, and federal laws as well as University policies governing faculty, staff, and student conduct. This policy strictly prohibits the illegal use, possession, manufacture, dispensing, or distribution of alcohol, drugs, or controlled substances in the workplace, on University premises, or as a part of any University-sponsored activities, or under the conditions set forth in the Student Rights and Responsibilities Code, Three Strikes Policy, and Student Alcohol Policy.
- 3) Violating this policy shall be a major offense which can result in a requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the University. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy.
- 4) Violation of applicable local, state, and federal laws may subject a student or employee to a variety of legal sanctions including, but not limited to, fines, incarceration, imprisonment, and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities. A current listing of applicable local, state, and federal sanctions can be obtained through the Offices of Student Affairs and Human Resources.
- 5) An employee shall notify his or her supervisor in writing of a criminal conviction for drug or alcohol related offenses occurring in the workplace no later than five calendar days following the conviction.
- 6) The University shall establish and maintain Employee Assistance Programs and Student Counseling Services for counseling and training programs to inform students and employees about

the dangers of drug and alcohol abuse. Voluntary participation in or referral to these services is strictly confidential.

- 7) An employee shall not be impaired during the performance of their work and/or during working hours.
- 8) As required by state or federal law, or other University policy, an employee shall not perform safety sensitive functions while a prohibited drug is in his or her system.
- 9) The University may require drug testing of safety sensitive employees (as defined by federal law) prior to employment, when there is reasonable cause, after an accident, on a random basis, and before allowing an employee or student to return to duty after refusing to take a drug test or after not passing a drug test.
- 10) The University shall annually distribute this policy to all staff, faculty, and students.

Health risks generally associated with alcohol and drug abuse can result in but are not limited to, nausea, vomiting, a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, cancer, elevated blood pressure, increased infection, physical and mental impairment, irreversible memory loss, personality changes, and thought disorders. Behavioral manifestations can include slowed reaction time, slowed reflex responses, loss of fine motor coordination, staggered gait, impairment of reasoning and rational thinking. Other less obvious risks associated with abuse of alcohol and other drugs include, but are not limited to, sustaining, or causing personal injury, risk to fetal development, unwanted sexual activity, unintended pregnancies, sexually transmitted diseases, family and dating violence, poor academic or work performance.

The appropriate Senior Vice President and Provost or Executive Officer is responsible for notifying federal funding agencies within ten calendar days whenever an employee is convicted of a drug-related crime which occurred in the workplace. Decisions under this policy are subject to the grievance procedures stated elsewhere in the Board of Regents' policy.

The University of Oklahoma THREE STRIKES PROCEDURES

Definition of a Strike

A “strike” is the University’s official recognition of a student’s or registered student organization’s (RSOs) violation of the University’s Student Alcohol Policy. A strike is a final University disciplinary action that finds the respondent (alleged) responsible of an alcohol-related violation.

A student or RSO may be charged with an alcohol-related violation based on the following:

1. A conviction, deferred sentence, or a plea that has the effect of conviction of an alcohol-related violation of which the University is made aware; or
2. A University finding or allegation that a student or RSO may have committed an alcohol-related violation prohibited by the Student Rights and Responsibilities Code. Such violations include, but are not limited to
 - a. the conduct prohibited by Section II Student Responsibilities, Prohibited Conduct 2. Alcohol of the Student Rights and Responsibilities Code,
 - b. the Student Alcohol Policy,
 - c. incident reports and citations.

Upon notification of the foregoing, or any other violation reasonably related to alcohol, the University may charge the student pursuant to the Student Rights and Responsibilities Code, and the student shall be entitled to an appropriate hearing to determine responsibility as defined by the Student Rights and Responsibilities Code. Whether by decision of an appropriate disciplinary body, administrative official, or by a negotiated settlement, any final University disciplinary action resulting in a finding of responsibility for an alcohol-related violation shall be considered a strike.

Reporting Mechanisms

The University may act on any reliable information it receives. Although not an exhaustive list, the University may be notified of prohibited conduct in the following ways:

1. A police report from any police department or security agency including, but not limited to, the University of Oklahoma Police Department and the Norman Police Department.
2. Notification by a University official that an alcohol violation occurred.
3. Any information deemed reliable by the University that comes to the attention of a University official including, but not limited to, reports submitted to the University and online and social media posts.

Once notified of alleged prohibited conduct, the University may investigate the information received to determine if the conduct constitutes a violation prior to taking action. Nothing herein shall waive a student's right to due process.

1. INDIVIDUAL SANCTIONS:

The following sanctions are mandatory minimum sanctions for alcohol violations. Based on the severity of the infraction, the University reserves the right to impose any appropriate additional sanction(s). Any violation by an individual student remains part of the individual's record until graduation.

Deferred Strike

- A deferred first strike will not be considered a "violation" and will not be maintained as a disciplinary record of the University unless the student commits another alcohol violation of any nature, within the 12-month period of deferral. In such event, the deferral of the first strike shall be revoked and the second alcohol violation shall be considered a second strike.
- Minor in possession and/or public intoxication alcohol violations shall be eligible for an automatic deferred first strike. A Driving Under the Influence (DUI) incident is not eligible for deferral. In other similar, limited circumstances the Vice President for Student Affairs, at their sole discretion, may grant a deferral for a first strike.
- To qualify for the ultimate removal of the deferred first strike, the student must not commit any other alcohol violation for a period of twelve (12) months from the date the student is found responsible by the University for the deferred alcohol violation.
- Students are only entitled to one (1) deferred strike during their attendance at the University.
- Satisfactorily complete an alcohol education session.
- \$75.00 Total administrative fee and session cost.

 - The charged student may appeal the sanction within forty-eight (48) hours of notice of the decision. The appeal should be submitted via email to the Office of Student Conduct. Upon request of an appeal, the VPSA or their designee shall have five (5) business days to review and determine the outcome. The VPSA/designee's decision is final.
- Parent/Guardian notification via the listed contact information in the student's file.
- A student suspended after the 3rd strike and readmitted to the University of Oklahoma, is readmitted with two (2) strikes.

Individual Strike Removal

A student who has received a first strike may request, via email to the Office of Student Conduct, that the strike and the record be removed from their student file provided the student meets the relevant eligibility criteria and provides documents evidencing the following:

1. It has been one (1) year since the student was found responsible by the University for an alcohol violation.
2. The student has not received any additional charges or alcohol-related violations on or off-campus since the student was found responsible by the University for the alcohol violation at issue.
3. The student timely completed and exceeded all sanctions required by the University.

Removal of the strike is at the sole discretion of the Vice President for Student Affairs or their designee. Additionally, this opportunity for a student to have a first strike removed from their University record applies only to charges under the University's Three Strike Procedures and in no way limits any other available action by the University including, but not limited to, any violation of the Student Rights and Responsibilities Code. Moreover, a removal of a strike does not apply to DUIs, and a student is only eligible for one (1) strike removal during their attendance at the University.

2. RSO SANCTIONS:

Before imposing an RSO sanction, as opposed to solely an individual sanction, the University will consider the entirety of the circumstances surrounding the RSO alcohol violation, including, but not limited to, whether the RSO:

1. endorsed, sponsored, sanctioned, enabled, furthered, or funded, in whole or in part, by the RSO, its officers, or the officers of its local, state, or national organization acting with actual or apparent authority, and any of them knew or should have known of the alcohol violation and they took insufficient action to prevent or cease the violation; or
2. event/violation occurred on property owned, leased, rented or occupied by the RSO (e.g. fraternity/sorority chapter facilities, satellite houses or “sat house,” RSO-affiliated residence, etc.), alumni, and/or members, and the officers of the RSO took insufficient action to prevent or cease an alcohol violation they knew or should have known existed; or
3. event/violation occurred at any gathering of the RSO conducted in furtherance of the mission or purpose of the RSO or designed to circumvent these rules, including any event, program or ceremony; or
4. event/violation occurred at any gathering utilizing the RSO’s name or logo, or that was advertised, marketed and/or promoted by the RSO.

The Office of Student Conduct has the discretion to determine whether, based on the criteria above and the totality of the circumstances, the alcohol violation occurred and warrants an RSO sanction.

1st Strike

- **Administrative Fee: \$500+**
A minimum administrative fee of \$500.00 or a per capita rate of \$1.00 to \$20.00 based on the RSO’s membership at the time of the violation, whichever is more appropriate.
- **Alcohol Education Program**
A defined number or percentage of the RSO’s membership must complete an approved alcohol education program.
- **Community Service**
An aggregate community service requirement for the RSO of 10-25 hours per capita based on the RSO’s membership at the time of the violation. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of the sanction.
- **Censure**
A written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanctions in the event of the finding of a violation of any University regulation within a stated period of time.

2nd Strike

- **Administrative Fee: \$1,000+**
A minimum administrative fee of \$1,000.00 or a per capita rate of \$5.00 to \$20.00

based on the RSO's membership at the time of the violation, whichever is more appropriate.

- **Alcohol Education Program**

A defined number or percentage of the RSO's membership must complete an approved alcohol education program.

- **Community Service**

An aggregate community service requirement for the RSO of 10-25 hours per capita based on the RSO's membership at the time of the violation. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of the sanction.

- **Disciplinary Probation**

Exclusion from participation in privileged or extracurricular and University activities set forth in the notice for a period of time specified. Other conditions of the probation may apply to any other activities of the RSO in the University community, except those that would affect the RSO's academic pursuits.

3rd Strike

- **Administrative Fee: \$1,500+**

A minimum administrative fee of \$1,500.00 or a per capita rate of \$10.00 to \$20.00 based on the RSO's membership at the time of the violation, whichever is more appropriate.

- **Alcohol Education Program**

A defined number or percentage of the RSO's membership must complete an approved alcohol education program.

- **Community Service**

An aggregate community service requirement for the RSO of 10-25 hours per capita based on the RSO's membership at the time of the violation. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of the sanction.

- **RSO Suspension**

The RSO will be suspended for a minimum of one (1) semester up to a maximum of two (2) years. University approval is required before the RSO will be reinstated.

- The charged RSO may appeal the sanction within forty-eight (48) hours of notice of the decision. The appeal should be submitted via email to the Office of Student Conduct. Upon request of an appeal, the VPSA or their designee shall have five (5) business days to review and determine the outcome. The VPSA/designee's decision is final.

Any violation by the RSO remains part of its "Three Strikes" record for a period of three (3) calendar years, unless the RSO requests and the University grants removal of an eligible first strike in accordance with the below criteria.

RSO Strike Removal

An RSO that has received a first strike may request, via email to the Office of Student Conduct, that the strike and the record be removed from its file provided the RSO meets the relevant eligibility criteria and provides documents evidencing the following:

1. it has been one (1) year since the RSO was found responsible by the University for an alcohol violation;
2. the RSO has not received any additional charges or alcohol-related violations on or off-campus, since receiving the alcohol violation at issue; and
3. the RSO timely completed and exceeded all sanctions required by the University.

Removal of an RSO strike is at the sole discretion of the Vice President for Student Affairs or their designee. Additionally, this opportunity for an RSO to have a first strike removed from its University record applies only to charges under the University's Three Strikes Procedures and in no way limits any other available action by the University including, but not limited to, any violation of the Student Rights and Responsibilities Code. If removal of the strike is granted, the RSO cannot request the removal of another strike for a period of three (3) calendar years from the date the strike is removed. RSOs are not eligible for deferred strikes.

Statement on SQ 788

The University of Oklahoma (OU) and Oklahoma State University (OSU) receive federal funds, and the two institutions are legally bound to comply with the Federal Drug-Free Schools and Communities Act (DFSCA), which mandates the implementation of drug prevention programs and prohibits the use of illegal drugs on campus or at University-sponsored events and activities. The universities must also comply with the Federal Drug-Free Workplace Act, which describes the drug-free policies required at workplaces with certain federal contracts. Furthermore, the two Universities must also comply with the Federal Controlled Substances Act (FCSA), which criminalizes the growth and use of marijuana.

Despite the recent passage of State Question 788, the DFSCA requires OSU and OU to adopt and adhere to policies prohibiting the unlawful use, possession or distribution of illegal drugs, including marijuana. Moving forward, OU and OSU will adhere to federal law prohibiting the use, possession, distribution or cultivation of marijuana for any reason at their campuses across the state. Additionally, federal law also prohibits the use and distribution of marijuana for any reason at events authorized or supervised by OSU and OU. Even with the evolving state law permitting marijuana use for medical reasons, it is important for students and employees to know they cannot consume, smoke or possess marijuana on campus even though they might have a card or prescription permitting them to do so.

Drug Screening for Students Attending a Clinical Rotation Setting

At the University of Oklahoma Health Sciences, all students in designated degree programs that involve clinical experiences must undergo drug screening. This includes clinical rotations and any other clinical-based experiential learning. Drug screening is a requirement of the affiliated healthcare facilities. Students should check with their specific college or degree program for detailed requirements. For more information, you can refer to the OU Health Sciences Drug Screening Policy on the university's website here, https://studenthandbook.ouhsc.edu/filemanagerUploads/Student_Handbook/Drug_Screening_Policy/Drug%20Screening%20Policy.pdf.

Introduction and DAAPP Overview

The University of Oklahoma (University) is committed to fostering a campus community that promotes the well-being of our community and is free from illegal drugs and alcohol abuse. In compliance with the annual notification requirements, in the University of Oklahoma's Drug and Alcohol Abuse Prevention Program (DAAPP), you will find policies regarding drugs and alcohol, substance abuse prevention programs and services, and other resources for the campus community. This report covers January 1, 2022 – December 31, 2023.

The Drug-Free Schools and Communities Act (DFSCA) requires all institutions of higher education to certify that they have implemented programs to prevent the abuse of alcohol and use and/or distribution of illicit drugs both by students and employees either on its premises and as part of any of its activities. At minimum, an institution of higher education must annually distribute the following in writing to all students and employees:

- i. Standards of conduct that clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees;
- ii. A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol;
- iii. A description of the health risks associated with the use of illicit drugs and alcohol abuse;
- iv. A description of any drug or alcohol counseling, treatment, or rehabilitation or reentry programs that are available to employees or students; and
- v. A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct or law.

The Board of Regents of the University of Oklahoma, after consultation with students, faculty, and staff, developed the Policy on Prevention of Alcohol Abuse and Drug Use on Campus and in the Workplace, as required by the Drug-Free Schools and Communities Act. This policy, which is reviewed annually and was recently updated, provides a description of the standards of conduct that prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol on University property or as part of any University-sponsored activities; a description of applicable legal sanctions under local, state or federal laws for the unlawful possession or distribution of illicit drugs and alcohol; a description of the health risks associated with the use of illicit drugs and abuse of alcohol; a description of Employee Assistance Programs and Student Counseling Programs; and, a clear statement of sanctions imposed for violations of the standards of conduct. This policy is distributed annually to all students and employees.

Standards of Conduct

Students

The [Student Alcohol Policy](#) is available in the student handbook and through various

University websites. The policy applies to all Norman campus-affiliated student organizations and all students who are currently enrolled at the University or are pre-enrolled for subsequent semesters and have attended the institution for at least one semester in the current or past academic year. The University may impose disciplinary charges against any student who violates the University Code of Student Conduct; Student Alcohol Policy; and/or local, state, or federal laws concerning controlled substances. Prohibited activity and the disciplinary policy are further outlined in the Student Alcohol Policy.

After State Question 788 passed, legalizing medical marijuana in Oklahoma, the University issued a Statement on SQ 788, reinforcing the University's commitment to following the DFSCA.

OU Health Sciences has a Drug Screening Policy that applies to all students enrolled in a Health Sciences program that includes a clinical component at a health care facility.

Employees

University employees must also abide by the policies set forth in the Board of Regents Policy Manual. Section 7.6.2.11 sets forth the University's Prevention of Alcohol Abuse and Drug Use on Campus and in the Workplace Policy.

Employees must also comply with the Drug Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act of 1989. Employee requirements are more fully outlined in the Staff Handbook, Section 7.6.2.11.

[Prevention of Alcohol Abuse and Drug Use On Campus and In The Workplace](#)

University Facilities, Events, and Other Alcohol-Related Policies

The use of alcohol on University property or at University sponsored events is also subject to the [University of Oklahoma Housing and Residence Life Community Guidelines](#).

Legal Sanctions

In accordance with federal and state laws governing substance abuse prevention in educational institutions, the University is committed to implementing and enforcing a comprehensive set of institutional policies to address violations of its drug and alcohol policies. Consequences may include participation in mandatory alcohol and drug abuse programs, and other disciplinary actions. In addition, non-compliance with federal and state laws may subject an employee to criminal sanctions, including fines, jail sentences, restitution, probation, and community service. In addition, a conviction may preclude one from entering a desired employment field and/or obtaining certain professional licenses.

Health Risks

Health risks generally associated with alcohol and drug abuse can include, but are not limited to, a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes, and thought disorders. The University's Employee Assistance Programs and University Counseling Center are responsible for informing students and employees about the dangers of drug and alcohol abuse and the availability of counseling and rehabilitation programs.

Alcohol Use and its Health Risks

Excessive alcohol consumption, as highlighted by The Centers for Disease Control and Prevention (CDC), can lead to immediate health consequences, primarily stemming from episodes of binge drinking. These effects include:

- Physical injuries such as those from motor vehicle accidents, falls, drownings, and burns.
- Instances of violence including homicide, suicide, sexual assault, and domestic abuse.
- Alcohol poisoning, a critical medical condition arising from dangerously high blood alcohol levels.
- Engagement in risky sexual behaviors, such as unprotected sex or having multiple partners, which can result in unintended pregnancies or sexually transmitted infections, including HIV.
- Increased risks of miscarriage, stillbirth, or the development of fetal alcohol spectrum disorders (FASDs) among pregnant individuals.

Furthermore, prolonged, and excessive alcohol use can lead to the onset of chronic diseases and other severe health issues, including:

- Elevated blood pressure, heart disease, strokes, liver ailments, and digestive complications.
- Various forms of cancer affect the breast, mouth, throat, esophagus, liver, and colon.
- Weakened immune system function, heightening susceptibility to illnesses.
- Cognitive impairments like learning difficulties, memory problems, and a decline in academic performance, potentially leading to conditions such as dementia.”
- Mental health issues such as depression and anxiety.
- Social challenges like decreased productivity, family conflicts, and unemployment.
- Alcohol-related disorders, such as alcohol dependence.

Drug Use and its Health Risks

The consequences of drug use, both short-term and long-term, vary depending on the substance. However, the health hazards linked to illicit drug use or abuse can be severe, sometimes leading to grave injuries or fatalities. Below is an overview of the health risks

associated with commonly abused illicit substances among college students:

Marijuana/Cannabis:

- Studies indicate that approximately 1 in 10 marijuana users may develop an addiction. This risk increases to 1 in 6 for those who start using before the age of 18.
- Marijuana consumption directly impacts various brain functions, including memory, learning, attention, decision-making, coordination, emotions, and reaction time. Developing brains, such as those in infants, children, and adolescents, are particularly vulnerable to the adverse effects of marijuana.
- Ingesting marijuana through food or beverages poses different risks compared to smoking, including a heightened risk of poisoning.
- Long-term or frequent marijuana use has been associated with an increased likelihood of psychosis or schizophrenia in certain users.
- Using marijuana during pregnancy can elevate the risk of developmental issues in the baby.

Cocaine:

- Snorting cocaine can lead to loss of smell, nosebleeds, frequent runny nose, and swallowing difficulties.
- Smoking cocaine may result in a persistent cough, asthma exacerbation, respiratory distress, and a higher susceptibility to infections like pneumonia.
- Oral consumption of cocaine can cause severe bowel decay due to reduced blood flow.
- Injection of cocaine via needles increases the risk of contracting HIV, hepatitis C, and other bloodborne diseases, as well as skin or soft tissue infections, and may lead to scarring or collapsed veins.

MDMA/Ecstasy/Molly:

- Consumption of MDMA can cause increased heart rate and blood pressure, muscle tension, nausea, faintness, chills or sweating, and a sharp rise in body temperature, which can lead to kidney failure or death.
- Prolonged effects of MDMA include confusion, depression, attention and memory problems, sleep disturbances, heightened anxiety, impulsiveness, and decreased interest in sexual activity.”

Prescription opioids (such as codeine, fentanyl, oxycodone):

- Slowed breathing, which can lead to death.
- Long-term misuse increases the risk of overdose or addiction. When combined with alcohol, they can dangerously slow heart rate and breathing, potentially resulting in coma or death.
- Central nervous system depressants, including barbiturates and benzodiazepines (like Xanax, Valium, and Nembutal): Side effects may include drowsiness, slurred speech, poor concentration, confusion, dizziness, movement and memory difficulties, low blood pressure, and slowed breathing. Mixing with alcohol can dangerously slow heart

rate and breathing, potentially leading to coma or death.

- Prescription stimulants (such as Adderall and Concerta): Short-term effects include increased blood pressure and heart rate, narrowed blood vessels, and elevated blood sugar levels. High doses may result in dangerously high body temperature, irregular heartbeat, heart disease, and seizures. Long-term use can lead to heart problems, psychosis, anger issues, and paranoia. When mixed with alcohol, stimulants can mask the depressant effects of alcohol, increasing the risk of alcohol overdose, and may also elevate blood pressure.

Drug & Alcohol Programs & Resources

University Wide Prevention Activities

Numerous Student Affairs campus departments, the Hudson College of Public Health, the Athletics Department, Human Resources, University Outreach, and the University's Police Departments share responsibility for prevention activities. The University recognizes that alcohol and other drug use is a major health concern and that it is best addressed holistically to increase educational resources for its campus community. Student Affairs departments including Health Services, University Counseling Center, Student Conduct, Student Life, Health Sciences Campus & OU-Tulsa Student Affairs and Student Counseling Services, Residence Life, Fitness and Recreation, , Southwest Prevention Center, the OU Health Sciences Health Promotion Research Center, and Student Media all contribute to prevention activities to reduce the effects of alcohol and other drug abuse in the University community.

Employee Assistant Program (EAP)

All Benefits-eligible employees have free, confidential access to an Employee Assistance Program (EAP) 24 hours a day, 7 days a week. The EAP was established to provide professional and confidential help to benefits-eligible employees and their family members on all three campuses, including remote sites, to help the employees find the best resources to manage their concern. An assessment and a plan are developed with the EAP counselor using insurance, community resources, and/or professional services. All referrals and records are confidential. More information can be located at: <https://hr.ou.edu/EAP>.

Emergency Blue Phones

The emergency blue phones may be used by students, visitors, and employees for any emergency, including those related to alcohol or other drugs ("AOD"). The telephones automatically dial the campus University Police Department when the call button is pushed. The campus police can identify the location of the person calling and will send police officers to the caller's blue phone location.

Alcohol and Other Drugs Education

<https://www.ou.edu/healthservices/health-promotion/aod>

Online Alcohol Education Training

The online alcohol education training is a mandatory alcohol education program for all incoming undergraduate students 20 years of age and younger, including transfer students with freshman status by hours. The training consists of an interactive website about prevention issues, alcohol education, and University alcohol policies and must be completed within the first four weeks of the first semester. Failure to complete the online training results in an enrollment hold for subsequent semesters.

First Year Alcohol and Other Drugs (AOD) Program

The First Year AOD Program is a mandatory, small group, in-person alcohol and other drug education training designed to help University students make healthier choices related to alcohol and drugs. It is required for all incoming undergraduate students 20 years of age and younger, including transfer students with freshman status by hours. This interactive program is facilitated by trained Peer Educators engaging students in a dialogue of real-world issues related to substance use and campus substance norms and aims to reduce high-risk drinking and alcohol and other drug-related harm. This program is guided by current research and began as a grant program funded by the U.S. Department of Education's Office of Safe and Drug Free Schools. In addition, new Greek Life members are required to complete an additional tailored in-person alcohol awareness training.

Students in Recovery

Students, faculty, and staff have access to on-campus and off-campus recovery support programs addressing various addiction concerns. Formed by University of Oklahoma students in recovery in August 2018, Students in Recovery is an organization providing a safe, sober environment for students currently in recovery, those supporting recovery and those who are seeking recovery at OU. We support all forms of recovery and encourage self-determination and fun in recovery by way of sober tailgates, town halls, organized community work and education about all forms of addiction.

Strike One Educational Program

A "strike" is the University's official recognition of a student's or organization's violation of the University's Student Alcohol Policy; see Appendix A. Students receiving a Strike One policy sanction are required to complete an in-person session with Student Conduct followed by an in-person alcohol education session facilitated by the Comprehensive Alcohol and Other Drug Program. The Comprehensive Alcohol and Other Drug Program incorporates motivational interviewing techniques to encourage each student to examine the behavior that brought them to the session and seeks to increase their motivation to make the necessary behavioral changes. This program also began with a grant from the U.S. Department of Education.

Counseling Services

<https://www.ou.edu/ucc>

University Counseling Center

Students experiencing problematic substance use are encouraged to seek assessment, screening, and individual & group services at the University Counseling Center (UCC). The

UCC is a unit within the Division of Student Affairs on the Norman campus that serves as the primary mental health agency for the University community in Norman. The mission of the UCC is to promote student success, both in and out of the classroom, by providing the highest quality psychological services. These services include individual counseling, couples counseling, group counseling, psychiatric medication, psychological assessments, and psychoeducational outreach programs. The University Counseling Center employs a licensed alcohol and drug counselor (LADC). The UCC Staff includes Licensed Professional Counselors with substance use counseling experience for both voluntary and mandatory visits.

Alcohol Assessment and Counseling Services

The alcohol counseling program provides specific interventions and support for at-risk students. Services include a comprehensive evaluation designed to provide individualized feedback to students and to assist them in developing strategies for effective coping and/or reducing the risk and harm associated with substance use. Alcohol and other drug counseling services also provide the student with information and education regarding the dynamics of problematic substance use and recovery. Referrals to community-based resources are also provided for individuals with needs greater than what the University can provide.

Strike One Alcohol Education Program

Students receiving a first alcohol policy violation must satisfactorily complete an approved alcohol education program. The program consists of a motivational interview with a Health Education professional.

Strike Two Counseling Programs

Students receiving a second alcohol policy violation must satisfactorily complete an approved alcohol counseling program. The counseling program currently consists of a minimum of six individual or group counseling sessions that are facilitated by a licensed alcohol and drug counselor. The structured interview provides a language and mechanism of communicating the findings and recommendations for ongoing treatment as needed. Evidence (research) based practices are used to help students make healthier choices about alcohol use.

Southwest Prevention Center

Housed within the University of Oklahoma Outreach/College of Continuing Education since 1987, Southwest Prevention Center (SWPC) has provided prevention information, training, technical assistance, and resource system development in Oklahoma and surrounding states. SWPC serves as a dynamic resource for creating healthy, safe communities through the power of prevention. Following a public health approach to prevention, using the Substance Abuse and Mental Health Services Administration's (SAMHSA) Strategic Prevention Framework (SPF) as a guide to plan, implement, and evaluate practices, policies, and programs. SWPC programs rely on the most current prevention science research and literature, along with best practices from the field, to identify prevention needs and offer comprehensive solutions that result in healthy and safe communities. The South-Southwest Prevention Technology Transfer Center (PTTC HHS Region 6), a program within SWPC, was instrumental in securing the National Suicide Prevention Resource Center in partnership with the University of Oklahoma Health Sciences Center. Regional prevention programs within the SWPC target underage alcohol use, young adult and adult binge drinking, youth marijuana use, and the non-medical

use of prescription drugs on campus and in the surrounding communities. Collegiate programs include Red Cup Q&A media campaign, Talk Saves Lives Suicide Prevention, Mental Health First Aid, and OU Peer Support Groups.

Higher Education Prevention Services

The OU- Higher Education Prevention Services (OU-HEPS) is a four-year project funded by the Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS). This project is housed within the Anne and Henry Zarrow School of Social Work. Its campus-based efforts were launched to address opioid and stimulant misuse and suicide prevention for faculty, staff and students through education, drug-free activities, student and community leader coalitions, information dissemination, and community-based processes throughout the University of Oklahoma. Outreach efforts focus on strengthening ties and empowering the community to make healthy, well-informed choices and equip them with strategies and resources to take care of themselves and support others.

SafeWalk

SafeWalk provides a complimentary service to accompany residential students anywhere on campus from 8 p.m. to 2 a.m., Sunday to Thursday. This service is staffed by trained resident advisers who are readily available to assist students. Shirts and badges identify SafeWalk staff.

SafeRide

The SafeRide program provides safe, no-cost transportation for OU students within the designated Norman zone from 10 p.m. to 3 a.m. every Thursday, Friday, and Saturday of the program calendar. OU students can access the benefits of both the Norman On-Demand service and the OU SafeRide program by downloading the Norman On-Demand app and creating their account using their ou.edu email address.

Health Sciences Campus Prevention Activities

Education

Colleges and educational programs at the OU Health Sciences Campus utilize multiple avenues of education, awareness, and support regarding the challenges around alcohol and drug use for future health care professionals and licensed practitioners. During the application and interview process, applicants are reminded of the implications of alcohol and/or drug related convictions in relation to professional licensure. OU Health Sciences program students enrolled across each of the seven health professions and graduate college receive varying levels of instruction related to their specific academic program through course curriculum, educational panels, and co-curricular programming centered on the effects of substance abuse and addiction in the life of a practitioner. In the event of a reported incident or need, students enrolled in colleges such as Pharmacy, Medicine, Dentistry, and Nursing may also receive support and counseling from their respective state boards.

University Disciplinary Sanctions for Violations of Policy

The University of Oklahoma will impose sanctions on students and employees for violations of University of Oklahoma policies and standards of conduct. These sanctions may include suspension, expulsion, and/or termination of employment.

Employees

Employees who violate the University's drug and alcohol policies may be required to participate in a drug or alcohol rehabilitation program, may be referral for criminal prosecution, and/or may be subject to immediate disciplinary action up to and including termination of employment. A criminal conviction is not required for sanctions to be imposed upon an employee for violations of this policy.

Students

Policy in effect until July 31, 2024

See: <http://studentconduct.ou.edu>

To curtail alcohol abuse on and off campus, the University has adopted a mandatory, minimum "Three Strikes" policy. The first alcohol violation, whether off campus or on campus, automatically will result in appropriate parent/guardian notification and further alcohol education. A second violation will also automatically carry parent/guardian notification and an appropriate sanction. A third violation will result in automatic suspension from the University for a minimum of one semester. Parents/guardians are informed of this policy at the time their student enrolls at OU. Strike(s) are notated on students' conduct records and maintained by the Office of Student Conduct.

The following sanctions are mandatory minimum sanctions for alcohol violations. Based on the severity of the infraction, the University reserves the right to impose any appropriate additional sanction(s). Any violation by an individual student remains part of the individual's

record until graduation. If a student is suspended after the 3rd strike and is readmitted to the University of Oklahoma, the student is readmitted with 2 strikes.

1st Strike

- Parent/Guardian notification via return receipt certified mail.
- \$75.00 administrative fee charged to student.
- Mandatory satisfactorily completion of a defined alcohol education program.
- Censure. The notation of Censure shall be removed from the individual's record upon graduation from the University of Oklahoma subject to completion of disciplinary sanctions.

2nd Strike

- Parent/Guardian notification via return receipt certified mail with a follow-up telephone call.
- \$150.00 administrative fee charged to student.
- Mandatory satisfactorily completion of an approved alcohol counseling program.
- Mandatory satisfactorily completion of 20 hours of approved community service.
- Disciplinary probation. The notation of Disciplinary probation shall be removed from the individual's record upon graduation from the University of Oklahoma subject to completion of disciplinary sanctions.

3rd Strike

- Parent/Guardian notification via return receipt certified mail with a follow-up telephone call.
- Automatic suspension.

Deferred Strike

A deferred strike is one not noted on a student's disciplinary record of the University unless the student commits another alcohol violation within the 12-month period of deferral. In such an event, the deferral of the first strike shall be revoked and the second alcohol violation shall be considered a second strike. To qualify for the ultimate removal of the deferred first strike, the student must not commit any other alcohol violation for a period of 12 months from the date the student is found responsible by the University for the deferred alcohol violation. Moreover, students are entitled to only one deferred strike during their attendance at the University.

The following individual alcohol violations shall be entitled to an automatic deferred first strike: minor in possession and/or public intoxication. In other similar, limited circumstances, the University Vice President for Student Affairs, applying sole discretion, may grant a deferral for a first strike. A first strike based on a Driving Under the Influence (DUI) incident is not eligible for deferral, however.

Removal of Individual Strike

A student who has received a first strike may request that the strike and the record be removed from the student's file, provided the student meets the relevant eligibility criteria and provides documents evidencing the following criteria. This request must be made in writing to the Student Conduct Officer. In order to be eligible to request to have the strike and the record removed from the student's file at the University, the student must present documentation of the following:

- (1) it has been one year since the student was found responsible by the University for an alcohol violation;
- (2) the student has not received any additional charges or alcohol related violations on or off campus since the student was found responsible by the University for the alcohol violation at issue;
- (3) the student timely completed all agreed upon sanctions required by the University.

Removal of the strike is at the sole discretion of the University Vice President for Student Affairs or his/her designee. Additionally, this opportunity for a student to have a first strike removed from the University record does not apply to DUIs; it applies only to charges under the University's Three Strike Policy. Removal in no way limits any other available action by the University including, but not limited to, sanctions for any violation of the Student Rights and Responsibilities Code. Moreover, a student is entitled to only one strike removal during the student's attendance at the University.

Organizational Sanctions

Organizational sanctions will be administered based on the possession and use of alcohol in an organization's residence facility or on the illegal or prohibited use of alcohol at an organizational event.

Before imposing an organizational sanction, as opposed to a sanction against an individual, the University will consider the entirety of the circumstances surrounding the organizational event, including, but not limited to, whether:

- (1) the alcohol violation was endorsed, sponsored, sanctioned, enabled, furthered, or funded, in whole or in part, by the organization; its officers; or the officers of its local, state, or national organization acting with actual or apparent authority, and any of them knew or should have known of the alcohol violation and they took insufficient action to prevent or cease the violation; or
- (2) the alcohol violation occurred on property owned, leased, rented, or occupied by the organization, and the officers of the organization took insufficient action to prevent or cease an alcohol violation they knew or should have known existed; or
- (3) alcohol is located in the organization's campus or campus-affiliated residence facility (e.g., fraternity/sorority chapter houses), unless otherwise exempted; or
- (4) regardless of its location, the alcohol violation occurred at an event or any gathering of two or more individuals of the organization conducted in furtherance of the mission or purpose of the organization, including any event, program, or ceremony; or
- (5) the alcohol violation occurred at any gathering utilizing the organization's name or logo or that was advertised by the organization; or

- (6) the alcohol violation occurred at any gathering of two or more individuals that would typically be in furtherance of the organization's activities but is designed to circumvent these rules.

The Vice President for Student Affairs has the discretion to determine whether, based on the criteria above and the totality of the circumstances, the alcohol violation occurred at an organization event and warrants an organizational sanction.

Any violation by the organization remains part of the organization's "Three Strikes" record for a period of three calendar years, unless the organization requests and the University grants removal of an eligible first strike in accordance with the Student Alcohol Policy, below.

1st Strike

- At the discretion of the University and after considering all relevant information, the University will impose a minimum administrative fee of \$500.00 or a per capita rate of \$1.00 to \$20.00 based on the organization's membership at the time of the violation, whichever is more appropriate.
- 100% of the organization's membership must complete a defined alcohol education program.
- An aggregate community service requirement for the organization of 10-25 hours per capita based on the organization's membership at the time of the violation must be completed. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of the sanction.
- Censure: A written reprimand for violation of specified regulations, including the possibility of more severe disciplinary sanctions in the event of the finding of a violation of any University regulation within a stated period of time, will be imposed. This type of action does not create new restrictions for the organization but creates a formal record of the reprimand.

2nd Strike

- At the discretion of the University and after considering all relevant information, the University will impose a minimum administrative fee of \$1,000.00 or a per capita rate of \$5.00 to \$20.00 based on the organization's membership at the time of the violation, whichever is more appropriate.
- 100% of the organization's membership must complete a defined alcohol education program.
- An aggregate community service requirement for the organization of 10 to 25 hours per capita based on the organization's membership at the time of the violation must be completed. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of this sanction.
- Disciplinary Probation: Exclusion from participation in privileged or extra-curricular University activities set forth in the notice for a period of time specified will be imposed. Other conditions of probation may apply to any other activities of the organization in the University community, except

those that would affect the organization's academic pursuits.

3rd Strike

- At the discretion of the University and after considering all relevant information, the University will impose a minimum administrative fee of \$1,500.00 or a per capita rate of \$10.00 to \$20.00 based on the organization's membership at the time of the violation, whichever is more appropriate.
- 100% of the organization's membership must complete a defined alcohol education program.
- An aggregate community service requirement for the organization of 10 to 25 hours per capita based on the organization's membership at the time of the violation must be completed. It is at the discretion of the University as to whether pledges or associate members will be included in fulfilling the requirements of this sanction.
- Organizational Suspension: The organization will be suspended for at least one year. University approval is required before the organization will be reinstated.

Removal of Organizational Strike

An organization that has received a first strike may request that the strike and the record be removed from its file, provided the organization meets the relevant eligibility criteria. This request must be made in writing to the Student Conduct Officer. In order to be eligible to request to have the strike and the record removed from its file at the University, the organization must present the following documentation:

- (1) it has been one year since the organization was found responsible by the University for an alcohol violation;
- (2) the organization has not received any additional charges or alcohol related violations on or off campus, since receiving the alcohol violation at issue;
- (3) the organization timely completed all sanctions required by the University.

Removal of an organizational strike is at the sole discretion of the University Vice President for Student Affairs. Additionally, the opportunity for an organization to have a first strike removed from its University record applies only to charges under the University's Three Strikes Policy; removal in no way limits any other available action by the University including, but not limited to, for any violation of the Student Rights and Responsibilities Code.

If removal of the strike is granted, the organization cannot request the removal of another strike for a period of three calendar years from the date the first strike is removed. Organizations are not eligible for deferred strikes.

The University of Oklahoma THREE STRIKES PROCEDURES

Definition of a Strike

A “strike” is the University’s official recognition of a student’s or registered student organization’s (RSOs) violation of the University’s Student Alcohol Policy. A strike is a final University disciplinary action that finds the respondent (alleged) responsible of an alcohol-related violation.

A student or RSO may be charged with an alcohol-related violation based on the following:

1. A conviction, deferred sentence, or a plea that has the effect of conviction of an alcohol-related violation of which the University is made aware; or
2. A University finding or allegation that a student or RSO may have committed an alcohol-related violation prohibited by the Student Rights and Responsibilities Code. Such violations include, but are not limited to
 - a. the conduct prohibited by Section II Student Responsibilities, Prohibited Conduct 2. Alcohol of the Student Rights and Responsibilities Code,
 - b. the Student Alcohol Policy,
 - c. incident reports and citations.

Upon notification of the foregoing, or any other violation reasonably related to alcohol, the University may charge the student pursuant to the Student Rights and Responsibilities Code, and the student shall be entitled to an appropriate hearing to determine responsibility as defined by the Student Rights and Responsibilities Code. Whether by decision of an appropriate disciplinary body, administrative official, or by a negotiated settlement, any final University disciplinary action resulting in a finding of responsibility for an alcohol-related violation shall be considered a strike.

Reporting Mechanisms

The University may act on any reliable information it receives. Although not an exhaustive list, the University may be notified of prohibited conduct in the following ways:

1. A police report from any police department or security agency including, but not lim-

ited to, the University of Oklahoma Police Department and the Norman Police Department.

2. Notification by a University official that an alcohol violation occurred.
3. Any information deemed reliable by the University that comes to the attention of a University official including, but not limited to, reports submitted to the University and online and social media posts.

Once notified of alleged prohibited conduct, the University may investigate the information received to determine if the conduct constitutes a violation prior to taking action. Nothing herein shall waive a student's right to due process.

1. INDIVIDUAL SANCTIONS:

The following sanctions are mandatory minimum sanctions for alcohol violations. Based on the severity of the infraction, the University reserves the right to impose any appropriate additional sanction(s). Any violation by an individual student remains part of the individual's record until graduation.

Deferred Strike

- A deferred first strike will not be considered a "violation" and will not be maintained as a disciplinary record of the University unless the student commits another alcohol violation of any nature, within the 12-month period of deferral. In such event, the deferral of the first strike shall be revoked and the second alcohol violation shall be considered a second strike.
- Minor in possession and/or public intoxication alcohol violations shall be eligible for an automatic deferred first strike. A Driving Under the Influence (DUI) incident is not eligible for deferral. In other similar, limited circumstances the Vice President for Student Affairs, at their sole discretion, may grant a deferral for a first strike.
- To qualify for the ultimate removal of the deferred first strike, the student must not commit any other alcohol violation for a period of twelve (12) months from the date the student is found responsible by the University for the deferred alcohol violation.
- Students are only entitled to one (1) deferred strike during their attendance at the University.
- Satisfactorily complete an alcohol education session.
- \$75.00 Total administrative fee and session cost.

1st Strike

- Satisfactorily complete an approved alcohol education program.
- \$100.00 Total administrative fee and program cost.
- Censure. An official reprimand. The notation of Censure shall be removed upon graduation from the University of Oklahoma subject to completion of disciplinary sanctions.

2nd Strike

3rd Strike

- Suspension as defined by the Student Rights and Responsibilities Code for a minimum of one (1) semester up to a maximum of two (2) years.
 - The charged student may appeal the sanction within forty-eight (48) hours of notice of the decision. The appeal should be submitted via email to the Office of Student Conduct. Upon request of an appeal, the VPSA or their designee shall have five (5) business days to review and determine the outcome. The VPSA/designee's decision is final.

- A student suspended after the 3rd strike and readmitted to the University of Oklahoma, is readmitted with two (2) strikes.

1. It has been one (1) year since the student was found responsible by the University for an alcohol violation.
2. The student has not received any additional charges or alcohol-related violations on or off-campus since the student was found responsible by the University for the alcohol violation at issue.
3. The student timely completed and exceeded all sanctions required by the University.

Removal of the strike is at the sole discretion of the Vice President for Student Affairs or their designee. Additionally, this opportunity for a student to have a first strike removed from their University record applies only to charges under the University's Three Strike Procedures and in no way limits any other available action by the University including, but not limited to, any violation of the Student Rights and Responsibilities Code. Moreover, a removal of a strike does not apply to DUIs, and a student is only eligible for one (1) strike removal during their attendance at the University.

2. RSO SANCTIONS:

Before imposing an RSO sanction, as opposed to solely an individual sanction, the University will consider the entirety of the circumstances surrounding the RSO alcohol violation,

including, but not limited to, whether the RSO:

1. endorsed, sponsored, sanctioned, enabled, furthered, or funded, in whole or in part, by the RSO, its officers, or the officers of its local, state, or national organization acting with actual or apparent authority, and any of them knew or should have known of the alcohol violation and they took insufficient action to prevent or cease the violation; or
2. event/violation occurred on property owned, leased, rented or occupied by the RSO (e.g. fraternity/sorority chapter facilities, satellite houses or “sat house,” RSO-affiliated residence, etc.), alumni, and/or members, and the officers of the RSO took insufficient action to prevent or cease an alcohol violation they knew or should have known existed; or
3. event/violation occurred at any gathering of the RSO conducted in furtherance of the mission or purpose of the RSO or designed to circumvent these rules, including any event, program or ceremony; or
4. event/violation occurred at any gathering utilizing the RSO’s name or logo, or that was advertised, marketed and/or promoted by the RSO.

The Office of Student Conduct has the discretion to determine whether, based on the criteria above and the totality of the circumstances, the alcohol violation occurred and warrants an RSO sanction.

Upon request of an appeal, the VPSA or their designee shall have five (5) business days to review and determine the outcome. The VPSA/designee's decision is final.

Any violation by the RSO remains part of its "Three Strikes" record for a period of three (3) calendar years, unless the RSO requests and the University grants removal of an eligible first strike in accordance with the below criteria.

RSO Strike Removal

An RSO that has received a first strike may request, via email to the Office of Student Conduct, that the strike and the record be removed from its file provided the RSO meets the relevant eligibility criteria and provides documents evidencing the following:
