KidzCare Pediatrics is the largest, privately owned pediatric group practice in North Carolina and is a top performer of CCNC quality initiatives and performance improvement programs. We utilize a pediatric based Meaningful Use compliant EHR system that was developed and designed by pediatricians for pediatricians. KidzCare Pediatrics, PC is an NCQA certified Patient Centered Medical Home at 25 of our locations. The patient-centered medical home is a way of organizing primary care that emphasizes care coordination and communication to transform primary care into "what patients want it to be." Patient Centered Medical Homes lead to higher quality and lower costs and can improve patients’ and providers’ experience of care. We are also AMH (Advanced Medical Home) to support our mission of all encompassing care to our North Carolina Pediatric families.

Our employed provider model allows for a balanced quality of life for our team members highlighted below:

\*No in-patient hospital care, no c-section, no delivery, no ER call (MD/DO/NP/PA).

\*Telephone call is two every 30 days (MD/DO only)

\*24/7 nurse triage service at all practice locations

\*Highly Competitive Pay, Excellent benefits, CME, retirement, vacation, productivity incentives, Quality Initiative/MU incentives, and relocation assistance.
