**Title: Academic Integrity Policy**

OU College of Medicine PA students are expected to hold themselves to the highest standards of ethical and professional conduct. Professionalism is a core Educational Program Objective (Competency) of the College of Medicine.

The OUHSC has established the STUDENT PROFESSIONAL BEHAVIOR IN AN ACADEMIC PROGRAM POLICY and adopted procedures for addressing standards of ethical and professional behavior for OUHSC students. College of Medicine PA students should familiarize themselves with that policy. It may be found in the OUHSC Faculty Handbook:

<http://www.ouhsc.edu/provost/documents/FacultyHandbookOUHSC.pdf>

In the event that an OU College of Medicine PA student fails on three occasions to meet the expected standards of ethical and professional conduct as documented by Professionalism Concerns Reports (PCRs) and/or documentation in the student's file, the OU SCM PA Student Progress Committee has the option to recommend to the assistant/associate dean of student affairs that the student be placed on probation, suspended, or dismissed, depending on the nature of the behavior. Any egregious unethical or unprofessional behavior could result in the student's being immediately suspended or dismissed from the program.
