

Area: University of Oklahoma School of Community Medicine PA Program, Tulsa
Title: PA Student Identification at Clinical Sites

All PA students must wear the student white coat while on clinical rotations, unless specifically directed otherwise by clinical faculty. The photo ID badge must be clearly visible identifying one as a Physician Assistant Student from the University of Oklahoma-Tulsa. University identification badges are required at all times on the clinical rotation site. This must be worn in addition to any facility identification that the site may require.
