Tips

Spotlight

CareYaya Health Technologies Inc.

CareYaya is a health tech company focused on solving home care for those with elderly loved ones and medically vulnerable children. We help those with a range of ailments from Alzheimer's/dementia to cancer to orthopedic and physical afflictions, as well as children with disabilities. Our team comprises professionals with varied backgrounds in business, neuroscience, clinical medicine, computer science and behavioral psychology, with collaborations with Duke, MIT, Harvard, Mass General, Emory, and other major healthcare systems.
