## Report of New Undergraduate Transfers

### Fall 2022 Entering Academic Class

#### Notes and Definitions

1. For the purposes of this report, New Undergraduate Transfers are defined as students who have attempted more than six hours of collegiate work after high school graduation and who have never before enrolled in any University of Oklahoma programs.
2. The "Entering Academic Class" includes students enrolling at OU for the first time in either Fall semester or the immediately preceding Summer (who subsequently enrolled in Fall). This definition is analogous to that used for New Freshmen in official reporting.
3. Last Institution Attended is determined by which institution the student attended most recently, regardless of whether it was the institution where a student earned the majority of their transfer credit.
4. Enrollment data are taken from a snapshot of students enrolled as of the Official Reporting Date (ORD) for the Fall semester of the report's academic year. The Official Reporting Date is the first working day following three full weeks of classes, at which point the normal add/drop period is over and an official census can reasonably be taken. (<https://www.ou.edu/irr/helpful-hints1/reporting-dates1>)
5. Transfer GPA is based on all transfer work, from all prior institutions, loaded into the student information system (SIS).
6. OU GPA in this report is calculated as of the end of the transfer student's first Spring semester at OU and includes only OU coursework.
7. For the purposes of this report Adjacent States are defined as: Arkansas, Colorado, Kansas, Louisiana, Missouri, and Texas (unless listed separately).
8. Data missing in the source systems are shown as "Unknown" in this report.
9. To prevent unintended personal data disclosure, GPAs in cells representing data for one person have been redacted (indicated by gray fill).
