ABOUT THE UNIVERSITY OF OKLAHOMA CAMPUSES

UNIVERSITY GOVERNANCE

The university is a part of the Oklahoma State System of Higher Education, which is composed of all higher education institutions supported wholly or in part by state appropriations. The Oklahoma State Regents for Higher Education is the coordinating board for the system.

The university – as part of the public educational system of the state, established by legislative action and supported by annual legislative appropriations – places emphasis on sound scholarship, good citizenship, and the duties of the individual to the community and the commonwealth.

By constitutional enactment, the governance of the university is vested in the OU Board of Regents, a board consisting of seven members appointed by the governor with the advice and consent of the State Senate. Each member is appointed to serve for seven years, except when appointed to fill an unexpired term, and is subject to removal from office only as provided by law for the removal of officers not liable to impeachment.

The Oklahoma State Regents and the university regents approve the requirements for admission and graduation, the degrees offered, and the fees and expenses. The boards reserve the right to change these requirements.

NORMAN CAMPUS

The central campus and the offices of administration of the University of Oklahoma are located on some 3,500 acres in Norman, a city of more than 100,000 residents. Norman is located near the center of the state, 20 miles south of Oklahoma City, the state capital.

The colleges housed on the Norman campus are University College, the College of Architecture, the College of Arts and Sciences, the College of Atmospheric and Geographic Sciences, the Michael F. Price College of Business, the Mewbourne College of Earth and Energy, the Jeannine Rainbolt College of Education, the Gallogly College of Engineering, the Weitzenhoffer Family College of Fine Arts, the Graduate College, the Honors College, the College of International Studies, the Gaylord College of Journalism and Mass Communication, the College of Law, and the College of Liberal Studies. The Norman campus is also headquarters for the College of Continuing Education, which directs outreach programs throughout the state and around the world.

The Norman campus consists of four sections – central campus, south campus, research campus and north campus. Most of the academic and administrative buildings are located on the central campus, noted for its Cherokee Gothic architecture and award-winning landscaping. Also situated on the central campus are the university residence halls, which includes the construction of residential colleges; Sarkeys Energy Center; University Libraries; Fred Jones Jr. Museum of Art; Donald W. Reynolds Performing Arts Center, including historic Holmberg Hall; Rupel Jones Fine Arts Center, including Elsie C. Brackett Theatre; Catlett Music Center, including Sharp Concert Hall and Pitman Recital Hall; Oklahoma Memorial Union; recreational facilities, including the Huston Huffman Physical Fitness Center and the Murray Case Sells Swim Complex; Gaylord Family – Oklahoma Memorial Stadium; the Everest Indoor Training Center; and the Oklahoma Center for Continuing Education, a year-round educational center and conference site. Located one block east of the central campus is the OU Brandt Park and Duck Pond, a recreational area used throughout the year by OU students and Norman residents. David A. Burr Park is conveniently located near residence halls and other recreational facilities.

South Campus

Immediately adjacent to central campus is the south campus, site of the College of Law; the OU Foundation; OU Traditions apartments; the world-class Sam Noble Oklahoma Museum of Natural History; Lloyd Noble Center and parking complex; the John Crain Field at the OU Soccer Complex; the Headington Family Tennis Center; the Jimmie Austin University of Oklahoma Golf Course; L. Dale Mitchell Baseball Park; the Marita Hynes Field – OU Women's Softball Complex; the Sam Viersen Gymnastics Center; and the OU Learning Center.

Research Campus

In less than a decade, the 277-acre OU Research Campus has been transformed from an empty field to a thriving economic engine shaped by a community of public and private sector collaborations located in nearly 1 million square feet of occupied space representing \$300 million in investment. Today, the Research Campus brings together 1,700 workers across academic, federal, state and industrial organizations in a mutually beneficial environment.

ABOUT THE UNIVERSITY OF OKLAHOMA CAMPUSES

Research Campus (continued)

The National Weather Center, a 257,000 square-foot facility that opened in 2006, anchors the OU Research Campus on the south. The Center houses both academic and federal groups dedicated to forecasting, research and training. The Stephenson Research and Technology Center and the Stephenson Life Sciences Research Center house cutting-edge research in fields including robotics, genomics, bioengineering and the OU Department of Chemistry and Biochemistry, which includes a National Institutes of Health-funded structural biology program. A series of five "Partners Place" buildings, totaling 362,000 square-feet, enable the public and private sector collaboration on weather and radar research; innovation and entrepreneurship; and water, climate, and energy. The new OU Innovation hub serves as a creative space for students and faculty in support of invention and entrepreneurship. Additionally, a 35,000 square-foot "one of a kind" Radar Innovations Laboratory opened in 2014.

OU's Research Campus has been certified by the Oklahoma Department of Commerce as Site Ready, which allows the university to capitalize on fast-moving economic opportunities and enables site selectors to readily find quality land and facilities that meet nationally established criteria. OU's Research Campus was named the nation's top research park for 2013 by the Association of University Research Parks, placing it among such past recipients as Research Triangle Park in North Carolina, Purdue Research Park in Indiana and University City Science Center in Pennsylvania.

North Campus

North campus, which is two miles north of the main campus, includes the Merrick Computer Center; Max Westheimer Airport, the University-operated airport that also serves the City of Norman; and Swearingen Research Park, where government agencies and industry have established facilities.

Other research and study units of the university include the Biological Station on Lake Texoma; the Sutton Avian Research Center in Bartlesville; the Oklahoma Geophysical Observatory at Leonard near Tulsa; the Aquatic Biology Fisheries Research Center in Noble near Norman; and the Oklahoma Biological Survey, the Oklahoma Archeological Survey and Charles M. Russell Center for the Study of Art of the American West in Norman. In addition, the Oklahoma Geological Survey is a state agency mandated in the Constitution of Oklahoma, and is part of the Mewbourne College of Earth and Energy at the University of Oklahoma.

HEALTH SCIENCES CENTER

The University of Oklahoma Health Sciences Center is the state's major educational resource for training physicians, dentists, nurses, pharmacists, public health specialists and a wide range of allied health personnel. It is one of only four comprehensive academic health centers in the nation with seven professional colleges. The center is composed of the College of Allied Health, College of Dentistry, College of Medicine, College of Nursing, College of Pharmacy, College of Public Health and Graduate College.

Faculty and students use clinical, research and teaching facilities at OU Medical Center, The Children's Hospital, Stephenson Cancer Center, Harold Hamm Diabetes Center, Dean A. McGee Eye Institute and other affiliated health organizations in Oklahoma City, Tulsa and communities across the state. The OU Health Sciences Center is located on the Oklahoma Health Center campus, which is also home to the University Research Park and 30 other biomedical entities.

Also housed at the University of Oklahoma is OU Physicians, the state's largest physician group. The practice encompasses nearly every adult and child specialty. Many OU Physicians have expertise in the management of complex conditions. Such expertise is unavailable anywhere else in the state, region or sometimes even the nation. Some have pioneered surgical procedures or innovations in patient care that are world firsts. They also serve as faculty at the University of Oklahoma College of Medicine and train the region's future physicians.

The Peggy and Charles Stephenson Cancer Center represents the largest public-private biomedical initiative in Oklahoma history. The 210,000-square-foot facility provides patient-centered care by the largest and most experienced group of cancer specialists, offering the most advanced cancer detection and treatment technology. OU's Harold Hamm Diabetes Center is one of the top comprehensive diabetes centers in the world for adults and children with type 1 and type 2 diabetes, engaging in novel research aimed at progress toward a cure for diabetes and its complications.

ABOUT THE UNIVERSITY OF OKLAHOMA CAMPUSES

OU-TULSA SCHUSTERMAN CENTER

The OU-Tulsa Schusterman Center is located in the heart of mid-town Tulsa at 41st and Yale. On this campus both the OU Health Sciences Center and the OU Norman Campus offer programs. The vision of OU-Tulsa is to build a nationally-recognized center of higher education excellence in select areas that emphasize strong campus-community partnerships and leverage unique opportunities and needs in the Tulsa region.

OU has a long history in the Tulsa area. The earliest program of the University of Oklahoma in Tulsa started in 1957 as a partnership with the Tulsa City-County Library. This program averaged 50 students a year and was one of the first programs to be part of the Tulsa Graduate Center, which became University Center at Tulsa in 1982. Recognizing the potential community impact of an expansion of OU services in Tulsa, the Oklahoma Legislature enacted Senate Bill 453 in 1972 that created a clinical branch of the University of Oklahoma College of Medicine in Tulsa. Today, the Tulsa campus enrolls medical students and trains 181 residents who conduct 200,000 patient

Although OU's presence in Tulsa has been longstanding, it changed dramatically in 1999. As a result of the transformational \$10 million gift from the Charles and Lynn Schusterman Family Foundation and the leadership of President David L. Boren, OU was able to purchase 60 acres at the corner of 41st and Yale, previously the BP-Amoco Research Center. The OU programs in Tulsa had been located in a wide variety of physical locations. By the fall of 2002, all OU academic programs in Tulsa were located at the Schusterman Center campus. This campus has allowed OU to better serve the community by providing a strong, centralized identity in Tulsa.

In February of 2008, the George Kaiser Family Foundation made a \$50 million gift to the OU College of Medicine in Tulsa allowing the College of Medicine to have the explicit focus to improve the health status of underserved communities. To reflect that change, the name of the College of Medicine in Tulsa was changed to the OU School of Community Medicine, the first in the nation. The School of Community Medicine remains an integral part of the OU College of Medicine. The University of Tulsa and the University of Oklahoma welcomed its first class of students to the School of Community Medicine four-year educational track in Tulsa in 2015. The Tandy Education Center also recently opened and is a space that provides students the opportunity to practice lifelike circumstances using models and virtual reality. It is a state-of-the-art facility that features the latest advances in medical simulation.

COLLEGE OF CONTINUING EDUCATION

The College of Continuing Education provides academic outreach opportunities to the state, region and nation. As the administrative unit for outreach at the University of Oklahoma, continuing education programs are the means by which the university extends its resources to the people of Oklahoma and beyond. By encompassing comprehensive, multidisciplinary academic services and programs that focus on the needs of adult learners, the College of Continuing Education offers both credit and non-credit courses, seminars, workshops, conferences, correspondence study, public service activities, and travel/study programs. The diversity and quality of the services available through continuing education programs provide an exciting and challenging academic experience.

HIGHLIGHTS OF 2016

The University of Oklahoma

January 2017

OU ranks No. 1 in the nation among all public institutions in the number of National Merit Scholars enrolled, with more than 800 National Merit Scholars.

OU is the only public university in U.S. history to ever rank first among both public and private universities in the number of freshman National Merit Scholars.

OU has the academically highest ranked student body at a public university in Oklahoma history.

The 2016 freshman class is the highest academically ranked incoming freshman class in the history of the university. The incoming freshman class has the highest average ACT score, 26.5.

The 2016 freshman class includes 486 students who had perfect 4.0 academic averages in high school.

OU has achieved an all-time record freshman-to-sophomore retention rate of 90 percent, ranking OU among the top universities in the nation. OU is one of only 34 public institutions in the nation currently reporting retention rates of 90 percent or higher.

OU is the only public university in Oklahoma to be included in the Fiske Guide to Colleges, which lists the top 10 percent of all U.S. universities.

OU has produced 29 Rhodes Scholars; no other university in Oklahoma has had more than three.

OU is the only university in the nation, public or private, whose students have won Goldwater, Mitchell, Truman, Rhodes, Marshall, Fulbright and National Security Education Program scholarships in the same year.

Three OU students have been named 2016 Goldwater Scholars, placing OU in the top ranks of universities nationally with 51 Goldwater Scholars since the competition began in 1991. The prestigious scholarships are awarded on the basis of potential and intent to pursue research careers in mathematics, the natural science or engineering.

Hester Hall, home of the College of International Studies, was renamed as Farzaneh Hall and the Iranian Studies Programs was renamed as Farzaneh Family Center for Iranian and Persian Gulf Studies in recognition of a gift from the Farzaneh Family Foundation, which is the largest gift from international students to the university in OU history.

With construction underway and move-in set for next fall, OU will become one of the first public universities in the country to build residential colleges for upperclassmen and women, patterned on those at Yale, Harvard, Oxford and Cambridge in England. The living/learning communities will become the cornerstone of the undergraduate experience.

OU was recently awarded the prestigious Davis Cup for the fourth consecutive year in recognition of its record-setting enrollment of United World College International freshmen. OU is the only public university to ever be awarded the Davis Cup.

OU students have achieved a new record for the highest percentage of summer enrollment in the Big 12. Almost 9,000 OU students enrolled in summer classes.

OU continues to break private fundraising records, with more than \$2.3 billion in gifts and pledges since 1994, which has provided funding for dramatic capital improvements, as well as an unparalleled increase in faculty endowment and student scholarships.

OU is a leader among all American universities in international exchange and study abroad programs. OU currently offers programs in 82 countries and over 240 cities in six continents. OU is closing in on reaching our four-year goal to increase the number of students studying abroad by 50 percent.

This fall, for the first time in the history of OU College of Medicine in Tulsa, all four years of medical school are offered at the Schusterman Center through the OU-TU School of Community Medicine. The OU-TU School of Community Medicine, a joint effort of the University of Tulsa and OU, is among the nation's leaders in the growing field of community medicine, which focuses on population-based health outcomes.

2013-2015	Applicants will be considered for admission using a holistic review and selection process which considers several factors that predict academic success (i.e., high school grade point average, high school course rigor, academic engagement, writing ability, leadership, and ACT/SAT scores). Although the University of Oklahoma is reviewing every application through the holistic process, it will continue to report the percentage of admitted and enrolled students subject to the alternative admissions standards and will not enroll more than 8% as dictated by Oklahoma State Regents for Higher Education. Through Spring 2016, the University of Oklahoma will offer admission to resident students who meet or exceed previous admission standards. The holistic process will determine whether a conditional, contractual, and time-limited admissions offer is made to these resident students.	
2016 to Present	Applicants will be considered for admission using a holistic review and selection process which considers several factors that predict academic success (i.e., high school grade point average, high school course rigor, academic engagement, writing ability, leadership, and ACT/SAT scores). - Notes: 1) As of 2010 the US Department of Education requires institutions to gather self-reported race/ethnicity information from new students using a two question format. This new method allows students to pick multiple race/ethnicity categories; prior to the change students had to pick a single category they felt best described them.
- 2) While International (nonresident alien) students also answer the two race/ethnicity questions, their answers are excluded from this area of reporting due to federal guidelines.
- 3) The US Department of Education's IPEDS system gathers enrollment information in a way that requires each student to be in a single race/ethnicity category to prevent a student being counted multiple times and inflating enrollment figures. To accommodate those students who picked more than one race/ethnicity, they are shown in official reporting counts in the "Two or More Races" category rather than in each individual category selected. While allowing for easier reporting, this means that enrollments in the individual race/ethnicity categories look smaller than before the methodology change because students that used to pick one category to best fit their circumstances now move to the new "Two or More Races" category.

ABOUT THE UNIVERSITY OF OKLAHOMA HEALTH SCIENCES CENTER

Mission Statement

The mission of the University of Oklahoma Health Sciences Center, as a comprehensive academic health center, is to educate students at the professional, graduate and undergraduate levels to become highly qualified health services practitioners, educators and research scientists; to conduct research and creative activities for the advancement of knowledge through teaching and development of skills; and to provide continuing education public service and clinical care of exemplary quality.

The Profiles of OU Health Sciences Center is designed to highlight the focus of our mission statement in regard to its student, faculty and staff population. It is complementary to the Norman Campus section in layout design but includes an additional emphasis on the specialized medical career training of the Health Sciences Center. Both graduate research and health professional training are sponsored by all colleges within the OU Health Sciences Center. The Graduate College also provides a unique role in the oversight of all graduate level research, master's thesis and doctoral dissertation committees. The "Health Professional" designation represents a career emphasis that results in a professional degree or certification for public health and health service practitioners, and the "Graduate College MS/PhD" designation represents graduate-level research sponsored by the college. Degree-seeking students from the Norman Campus and non-degree students are categorized separately.

ABOUT THE UNIVERSITY OF OKLAHOMA - UNIVERSITY OUTREACH

Vision

The University of Oklahoma Outreach is a lifelong learning organization dedicated to helping individuals, businesses, groups, and communities transform themselves through knowledge.

OU Outreach is all about transformations. In a fast-paced, constantly changing world, it's hard to keep up. Individuals, organizations, businesses, communities, and others have relied on OU Outreach to assist in their transformation. OU Outreach is made up of the College of Continuing Education and the College of Liberal Studies. Nationally recognized for its pioneering efforts in continuing education, OU Outreach extends the educational resources of the University of Oklahoma on campus, online, and at locations around the world.

OU Outreach's academic calendar and enrollment dates differ from the standard calendar used by other OU programs due to diverse scheduling needs of the students served by their programs. As a result, OU Outreach headcounts are captured at the end of each semester, rather than at the standard Official Reporting Date used by other campus programs.
