GENERAL INFORMATION

ABOUT THE UNIVERSITY OF OKLAHOMA CAMPUSES

UNIVERSITY GOVERNANCE

The university is a part of the Oklahoma State System of Higher Education, which is composed of all higher education institutions supported wholly or in part by state appropriations. The Oklahoma State Regents for Higher Education is the coordinating board for the system.

The university – as part of the public educational system of the state, established by legislative action and supported by annual legislative appropriations – places emphasis on sound scholarship, good citizenship, and the duties of the individual to the community and the commonwealth.

By constitutional enactment, the governance of the university is vested in the OU Board of Regents, a board consisting of seven members appointed by the governor with the advice and consent of the State Senate. Each member is appointed to serve for seven years, except when appointed to fill an unexpired term, and is subject to removal from office only as provided by law for the removal of officers not liable to impeachment.

The Oklahoma State Regents and the university regents approve the requirements for admission and graduation, the degrees offered, and the fees and expenses. The boards reserve the right to change these requirements.

NORMAN CAMPUS

The central campus and the offices of administration of the University of Oklahoma are located on some 3,500 acres in Norman, a city of more than 100,000 residents. Norman is located near the center of the state, 20 miles south of Oklahoma City, the state capital.

The colleges housed on the Norman campus are University College, the Christopher C. Gibbs College of Architecture, the College of Arts and Sciences, the College of Atmospheric and Geographic Sciences, the Michael F. Price College of Business, the Mewbourne College of Earth and Energy, the Jeannine Rainbolt College of Education, the Gallogly College of Engineering, the Weitzenhoffer Family College of Fine Arts, the Graduate College, the Joe C. and Carole Kerr McClendon Honors College, the David L. Boren College of International Studies, the Gaylord College of Journalism and Mass Communication, the College of Law, and the College of Professional and Continuing Studies - OU Extended Campus. The Norman campus is also headquarters for the College of Continuing Education, which directs outreach programs throughout the state.

The Norman campus consists of four sections – central campus, south campus, research campus and north campus. Most of the academic and administrative buildings are located on the central campus, noted for its Cherokee Gothic architecture and award-winning landscaping. Also situated on the central campus are the university residence halls, which include residential colleges and other upperclassman housing; Sarkeys Energy Center; University Libraries; Fred Jones Jr. Museum of Art; Donald W. Reynolds Performing Arts Center, including historic Holmberg Hall; Rupel Jones Fine Arts Center, including Elsie C. Brackett Theatre; Catlett Music Center, including Sharp Concert Hall and Pitman Recital Hall; Oklahoma Memorial Union; recreational facilities, including the Sarkeys Fitness Center and the Murray Case Sells Swim Complex; Gaylord Family – Oklahoma Memorial Stadium; the Everest Indoor Training Center; and the Oklahoma Center for Continuing Education, a year-round educational center and conference site. Located one block east of the central campus is the OU Brandt Park and Duck Pond, a recreational area used throughout the year by OU students and Norman residents. David A. Burr Park is conveniently located near residence halls and other recreational facilities.

The first of its kind in the state, the OU Visitor Center serves all guests of the University of Oklahoma as a one-stop information and welcome center. This “front door” of the university is housed in historic Jacobson Faculty Hall and provides regular, guided tours for prospective students and advanced-scheduled group tours. Free parking passes for campus visitors are available at the Visitor Center. An extensive collection of photographs and art depicting the history and heritage of the university fills the Visitor Center. It also has been designated as a local Tourism Information Center by the Oklahoma Tourism & Recreation Department to provide state travel information. For complete visitor and tour information: Visitor Center (405) 325-2151 or 1-800-234-6868; or tour@ou.edu.

ABOUT THE UNIVERSITY OF OKLAHOMA CAMPUSES

Research Campus

In less than a decade, the 277-acre OU Research Campus has been transformed from an empty field to a thriving economic engine shaped by a community of public and private sector collaborations located in nearly 1 million square feet of occupied space representing \$300 million in investment. Today, the Research Campus brings together 1,700 workers across academic, federal, state and industrial organizations in a mutually beneficial environment.

The National Weather Center, a 257,000 square-foot facility that opened in 2006, anchors the OU Research Campus on the south. The Center houses both academic and federal groups dedicated to forecasting, research and training. The Stephenson Research and Technology Center and the Stephenson Life Sciences Research Center house cutting-edge research in fields including robotics, genomics, bioengineering and the OU Department of Chemistry and Biochemistry, which includes a National Institutes of Health-funded structural biology program. A series of five "Partners Place" buildings, totaling 362,000 square-feet, enable the public and private sector collaboration on weather and radar research; innovation and entrepreneurship; and water, climate, and energy. The OU Innovation Hub serves as a creative space for students and faculty in support of invention and entrepreneurship. Additionally, a 35,000 square-foot "one of a kind" Radar Innovations Laboratory opened in 2015.

OU's Research Campus has been certified by the Oklahoma Department of Commerce as Site Ready, which allows the university to capitalize on fast-moving economic opportunities and enables site selectors to readily find quality land and facilities that meet nationally established criteria. OU's Research Campus was named the nation's top research park for 2013 by the Association of University Research Parks, placing it among such past recipients as Research Triangle Park in North Carolina, Purdue Research Park in Indiana and University City Science Center in Pennsylvania.

North Campus

North campus, which is two miles north of the main campus, includes the Merrick Computer Center; Max Westheimer Airport, the University-operated airport that also serves the City of Norman; and Swearingen Research Park, where government agencies and industry have established facilities.

Other research and study units of the university include the Biological Station on Lake Texoma; the Sutton Avian Research Center in Bartlesville; the Oklahoma Geophysical Observatory at Leonard near Tulsa; the Aquatic Biology Fisheries Research Center in Noble near Norman; and the Oklahoma Biological Survey, the Oklahoma Archeological Survey and Charles M. Russell Center for the Study of Art of the American West in Norman. In addition, the Oklahoma Geological Survey is a state agency mandated in the Constitution of Oklahoma, and is part of the Mewbourne College of Earth and Energy at the University of Oklahoma.

HEALTH SCIENCES CENTER

The University of Oklahoma Health Sciences Center (OUHSC) is one of the most comprehensive academic health centers in the nation, with programs in Oklahoma City, Tulsa, and Lawton; six professional Colleges and the Graduate College; research centers of excellence such as the Stephenson Cancer Center, Harold Hamm Diabetes Center, and Dean McGee Eye Institute; and the state's largest clinical group practice OU Physicians with over 1,200 credentialed providers. Students enroll in programs at the College of Allied Health, College of Dentistry, College of Medicine and School of Community Medicine, Fran and Earl Ziegler College of Nursing, College of Pharmacy, Hudson College of Public Health, and Graduate College.

The OUHSC prepares healthcare professionals and scientists to meet tomorrow's most complex healthcare needs, through research, discovery, and interdisciplinary education experiences. The OUHSC is a premier healthcare training institution for over 3,300 students, 80 post-doctoral researchers, and 800 residents and fellows, graduating physicians, biomedical and clinician scientists, nurses, dentists, pharmacists, allied health professionals, and public health leaders. Prominent OUHSC researchers receive the largest portfolio of National Institutes of Health (NIH) funding in the state, and commercialize new treatments and diagnostic tests, utilizing state-of-the-art research facilities such as the University Research Park, Stanton L. Young Biomedical Research Center, and Oklahoma Medical Research Foundation (OMRF). The Stephenson Cancer Center is the only National Cancer Institute (NCI) designated Center in Oklahoma and in the top 2 percent nationwide.

The OUHSC is a founding partner with the University Hospitals Authority and Trust of the academic health system OU Medicine, which includes OU Medical Center, The Children's Hospital, and OU Medical Center Edmond. The OUHSC and OU Medicine combine efforts as the only research-driven healthcare system in Oklahoma, with treatment options and expertise found nowhere else. The Tulsa campus is part of the OU Medicine statewide

system partnership, and also has academic and clinical affiliations with the Hillcrest, St. Francis, and St. John health systems. OUHSC has additional affiliations with the Veterans Administration Medical Center in Oklahoma City, and other hospitals, clinics, health departments, and healthcare facilities across Oklahoma.

Scientists, scholars and clinicians at the OUHSC deliver healthcare solutions through bench-to-bedside-to-community research and through training the state's most comprehensive and skilled health workforce. The OUHSC is an essential partner for the state to improve health outcomes and drive economic growth and diversification.

OU-TULSA SCHUSTERMAN CENTER

The OU-Tulsa Schusterman Center is located in the heart of mid-town Tulsa at 41st and Yale. On this campus both the OU Health Sciences Center and the OU Norman Campus offer programs. The vision of OU-Tulsa is to build a nationally-recognized center of higher education excellence in select areas that emphasize strong campus-community partnerships and leverage unique opportunities and needs in the Tulsa region.

OU has a long history in the Tulsa area. The earliest program of the University of Oklahoma in Tulsa started in 1957 as a partnership with the Tulsa City-County Library. This program averaged 50 students a year and was one of the first programs to be part of the Tulsa Graduate Center, which became University Center at Tulsa in 1982. Recognizing the potential community impact of an expansion of OU services in Tulsa, the Oklahoma Legislature enacted Senate Bill 453 in 1972 that created a clinical branch of the University of Oklahoma College of Medicine in Tulsa. Today, the OU College of Medicine in Tulsa enrolls medical students and trains 181 residents who conduct 200,000 patient visits annually at the college's ambulatory clinics.

Although OU's presence in Tulsa has been longstanding, it changed dramatically in 1999. As a result of the transformational \$10 million gift from the Charles and Lynn Schusterman Family Foundation and the leadership of President David L. Boren, OU was able to purchase 60 acres at the corner of 41st and Yale, previously the BP-Amoco Research Center. The OU programs in Tulsa had been located in a wide variety of physical locations. By the fall of 2002, all OU academic programs in Tulsa were located at the Schusterman Center campus. This campus has allowed OU to better serve the community by providing a strong, centralized identity in Tulsa.

In February of 2008, the George Kaiser Family Foundation made a \$50 million gift to the OU College of Medicine in Tulsa allowing the College of Medicine to have the explicit focus to improve the health status of underserved communities. To reflect that change, the name of the College of Medicine in Tulsa was changed to the OU School of Community Medicine, the first in the nation. The School of Community Medicine remains an integral part of the OU College of Medicine. The University of Tulsa and the University of Oklahoma welcomed its first class of students to the School of Community Medicine four-year educational track in Tulsa in 2015. The Tandy Education Center also opened in 2015 and is a space that provides students the opportunity to practice lifelike circumstances using models and virtual reality. It is a state-of-the-art facility that features the latest advances in medical simulation.

OU EXTENDED CAMPUS - COLLEGE OF PROFESSIONAL AND CONTINUING STUDIES

OU Extended Campus - College of Professional and Continuing Studies (EC-PACS) exists to provide access to transformational, world-class University of Oklahoma degrees, certifications, and programs for a diverse group of learners. OU Extended Campus is best characterized by the populations it serves, as well as the specialized academic programming it offers. Primarily focusing on the higher education needs of place-bound working adults, military-connected personnel, and those seeking specialized study in selected professional areas (such as Aviation), the College offers a variety of degrees at both graduate and undergraduate levels, including several programs offered collaboratively with other OU Colleges, and utilizing a variety of delivery modes (fully online, hybrid, onsite, cohort-based, etc.). To facilitate understanding of the complex world in which we live and building on its historical roots, the College emphasizes a holistic approach to learning, focuses on the immediate application of learning to one's life and work, promotes lifelong learning opportunities, and encourages the work of active citizenship.

While its programs were originally developed for adult and non-traditional students, many of the activities offered by the College also serve students enrolled in conventional academic programs, as well as the general public. Therefore, in addition to the full-time degree program offerings noted above, EC-PACS is also committed to meeting the educational needs of a wide variety of learners and organizations seeking smaller scale academic options, including credit courses, workshops, academic conferences, certification programs, executive academic programs and academically-oriented professional training services.

HIGHLIGHTS OF 2020

The University of Oklahoma

January 2021

In May, the OU Board of Regents unanimously voted to name Joseph Harroz Jr. the university's 15th president. As an OU alumnus, Harroz has served his alma mater in various leadership roles for nearly 25 years, serving most recently as the university's interim president and as dean of the OU College of Law.

In July, the OU Board of Regents approved OU's first Strategic Plan in over a generation, which defined a clear plan for the university's future and comprehensive strategies to achieve it. "Lead On, University" – OU's Strategic Plan for the Norman campus – draws upon 130 years of history and the feedback of thousands of students, faculty, staff and alumni to establish a path toward long-term success.

The OU community responded to the COVID-19 pandemic with creativity, kindness and determination. When it became necessary to suddenly shift classes online in the middle of the spring 2020 semester, the university did not miss a single day of instruction. Throughout the summer, staff and faculty worked tirelessly to welcome back students and resume in-person classes for the fall semester in the healthiest possible campus environment. A number of comprehensive health and safety measures were introduced, including the appointment of a Chief COVID Officer to guide OU's decision-making and planning; requiring face masks; modifying class schedules and learning spaces to accommodate social distancing; and much more. OU also launched a number of proactive strategies to mitigate the spread of the virus on campus, including a COVID-19 testing program for residential students. An online dashboard provided regular updates related to the public health situation on campus and within the surrounding community.

OU's Class of 2024 was one of its most diverse freshman classes in its 130-year history, with over 35% of students identifying as minorities. The class included 4,422 freshmen – the third-largest class in OU history. Nearly a quarter of the students in the entering class were first-generation college students.

OU announced the launch of OU Online, a central division that delivers the university's online graduate degree programs, expanding OU's ability to reach students in Oklahoma and beyond. Designed for adult learners seeking career advancement, OU Online's programs offer specialized graduate degree in a variety of professional fields.

OU transitioned to a test-optional admissions process, making OU the first public university in the state to adopt a multiyear, test-optional undergraduate admissions policy. The university was authorized by the Oklahoma State Regents for Higher Education to implement the new policy through the 2025 admissions cycle.

For the first time in its 130-year history, OU held virtual graduation ceremonies in May and December to celebrate the Class of 2020. The changes were necessitated by the COVID-19 pandemic and marked the end of a unique academic experience for graduates, who were invited to participate in OU's in-person graduation ceremonies planned for May 2021.

The OU Health Sciences Center and OU Medicine announced the launch of OU Health – a new, unified brand identity for the combined clinical enterprises of OUHSC and OU's hospital partner. The OU Health brand captures over a century of providing unmatched patient care, advancing scientific discovery and training Oklahoma's health care workforce – all marked by our distinction as the state's only comprehensive academic health system.

OU was selected by The Princeton Review as one of "The Best 386 Colleges," "Best Value College for 2020," "Best Western School" and "Top Green College." OU was also named the No. 5 school in the nation with the happiest students.

Out of more than 200 law schools, the OU College of Law was ranked fifth in the nation as a "Best Value" law school, according to *National Jurist* magazine.

The Fran and Earl Ziegler College of Nursing was ranked 56th out of more than 3,000 nursing schools nationwide in *Nursing Schools Almanac's* 2019 rankings of the best nursing schools in the United States -- placing the OU College of Nursing in the sixth spot overall in the Southwest region.

The research landscape at OU has progressed tremendously in the past year, with researchers on the Norman campus setting a record-high \$255.6 million in research awards earned through grants and external funding in FY2020, surpassing the previous benchmark of \$218 million for the FY2019. This trajectory continues, with research awards up 7% at the end of the first quarter of FY2021. In addition, OUHSC earned a record-high \$190 million in federal and state awards during FY2020, and three departments in the OU College of Medicine were ranked among the top 20 in the nation for funding from the National Institutes of Health.

The largest contribution to the record total of research awards in FY2020 was due to continuing investment by NASA in the Geostationary Carbon Cycle Observatory. Set to launch in 2023, the GeoCarb satellite observatory will study how and why the global carbon cycle is changing and also will monitor plant health and vegetation stress throughout the Americas. The project was funded through June, 2026.

OU is leading a National Science Foundation AI Institute for Research on Trustworthy AI in Weather, Climate, and Coastal Oceanography that is being hailed as a "historic milestone in environmental science." NSF recently announced an investment of more than \$100 million to establish five AI Institutes to support research and education hubs nationwide. An OU faculty member will lead this institute, which received \$20 million of the NSF funding.

OU entered an agreement to develop a joint research program with the Universidad Nacional de San Agustín, one of Peru's largest and oldest public research universities. UNSA is sponsoring research collaborations to study global grand challenges including COVID-19, cancer therapy, public health monitoring and climate impacts.

OU received more than \$115.5 million in private cash gifts during the 2020 fiscal year, which included contributions from 1,382 corporations, 535 foundations and more than 26,300 alumni and friends of the university. Of those giving in FY2020, 6,011 were first-time donors.

The OU Health Sciences Center was awarded a five-year, \$38 million grant to lead and expand a national program dedicated to suicide prevention.

The Seed Sower Society, a distinguished group of donors whose cumulative gifts to the university total \$1 million or more, inducted new members, bringing the total number of individuals, corporations and foundations honored by the society to 580.

OU completed renovations to the historic Armory after receiving one of the largest single gifts in university history – a \$20 million investment from the Mulva Family Foundation – to renovate OU ROTC program facilities and establish a scholarship endowment benefiting students enrolled in the Army, Navy or Air Force ROTC programs.

During the 2019-2020 academic year, more than \$31 million was awarded to students, including student-athletes, on all three campuses from privately funded scholarships.

A \$4.8 million gift from the Horizon Foundation of Dallas helped to establish OU as the premier center for Native American research and teaching. The gift to the OU Foundation formally launched the OU Native Peoples Initiative, which places the cultures of Native peoples and the sovereignty of Native Nations at the center of academic study across all three OU campuses.

In December, an anonymous \$2 million gift to OU's Fran and Earl Ziegler College of Nursing paved the way to expand the previously funded Forni Clinic, adding an acute care simulation center, a state-of-the-art clinical assessment lab and a universal-design apartment home to support nursing education at all levels. The budget also includes an endowment to sustain the learning space in perpetuity.

A \$7.5 million leadership gift was pledged in November from Jim and Christy Everest and the E.L. and Thelma Gaylord Foundation. The funds endow a world-class chief of pediatric hematology/oncology at the Oklahoma Children's Hospital Jimmy Everest Center for Cancer and Blood Disorders in Children in partnership with OU Health Stephenson Cancer Center. This funding established an endowed chair in the OU College of Medicine for the new leader of the Jimmy Everest Center and will be instrumental in the recruitment of five to eight additional researchers and faculty members.

The Sooners entered the 2021 calendar year with 38 national championships in athletics and had produced at least one NCAA team champion in seven of the past eight years (none during the 2020 calendar year; most winter and spring 2020 NCAA national championship events were canceled due to the COVID-19 pandemic), with the last title produced by women's gymnastics in spring 2019. Men's gymnastics led all OU sports programs with 12 national team titles.

OU had won 292 conference titles since its first in 1915. Softball, women's gymnastics and men's gymnastics had won eight consecutive league titles (2012-19), while football had won the Big 12 championship each of the past six seasons (2015-20).

The spring 2020 semester marked OU's 17th consecutive semester with a cumulative student-athlete GPA above a 3.00. The cumulative 3.17 recorded by OU's student-athletes during the 2020 spring semester was the highest single-semester mark in recorded school history.

Although the University of Oklahoma is reviewing every application through the holistic process, it will continue to report the percentage of admitted and enrolled students subject to the alternative admissions standards and will not enroll more than 8% as dictated by Oklahoma State Regents for Higher Education. Through Spring 2016, the University of Oklahoma will offer admission to resident students who meet or exceed previous admission standards. The holistic process will determine whether a conditional, contractual, and time-limited admissions offer is made to these resident students.

Notes: 1) As of 2010 the US Department of Education requires institutions to gather self-reported race/ethnicity information from new students using a two question format. This new method allows students to pick multiple race/ethnicity categories; prior to the change students had to pick a single category they felt best described them.

2) While International (nonresident alien) students also answer the two race/ethnicity questions, their answers are excluded from this area of reporting due to federal guidelines.

3) The US Department of Education's IPEDS system gathers enrollment information in a way that requires each student to be in a single race/ethnicity category to prevent a student being counted multiple times and inflating enrollment figures. To accommodate those students who picked more than one race/ethnicity, they are shown in official reporting counts in the "Two or More Races" category rather than in each individual category selected. While allowing for easier reporting, this means that enrollments in the individual race/ethnicity categories look smaller than before the methodology change because students that used to pick one category to best fit their circumstances now move to the new "Two or More Races" category.

ABOUT THE UNIVERSITY OF OKLAHOMA HEALTH SCIENCES CENTER

Mission Statement

The mission of the University of Oklahoma Health Sciences Center, as a comprehensive academic health center, is to educate students at the professional, graduate and undergraduate levels to become highly qualified health services practitioners, educators and research scientists; to conduct research and creative activities for the advancement of knowledge through teaching and development of skills; and to provide continuing education public service and clinical care of exemplary quality.

The Profiles of OU Health Sciences Center is designed to highlight the focus of our mission statement in regard to its student, faculty and staff population. It is complementary to the Norman Campus section in layout design but includes an additional emphasis on the specialized medical career training of the Health Sciences Center. Both graduate research and health professional training are sponsored by all colleges within the OU Health Sciences Center. The Graduate College also provides a unique role in the oversight of all graduate level research, master's thesis and doctoral dissertation committees. The "Health Professional" designation represents a career emphasis that results in a professional degree or certification for public health and health service practitioners, and the "Graduate College MS/PhD" designation represents graduate-level research sponsored by the college. Degree-seeking students from the Norman Campus and non-degree students are categorized separately.

ABOUT THE UNIVERSITY OF OKLAHOMA - EXTENDED CAMPUS

OU Extended Campus - College of Professional and Continuing Studies (EC-PACS) exists to provide access to transformational, world-class University of Oklahoma degrees, certifications, and programs for a diverse group of learners. OU Extended Campus is best characterized by the populations it serves, as well as the specialized academic programming it offers. Primarily focusing on the higher education needs of place-bound working adults, military-connected personnel, and those seeking specialized study in selected professional areas (such as Aviation), the College offers a variety of degrees at both graduate and undergraduate levels, including several programs offered collaboratively with other OU Colleges, and utilizing a variety of delivery modes (fully online, hybrid, onsite, cohort-based, etc.). To facilitate understanding of the complex world in which we live and building on its historical roots, the College emphasizes a holistic approach to learning, focuses on the immediate application of learning to one's life and work, promotes lifelong learning opportunities, and encourages the work of active citizenship.

While its programs were originally developed for adult and non-traditional students, many of the activities offered by the College also serve students enrolled in conventional academic programs, as well as the general public. Therefore, in addition to the full-time degree program offerings noted above, EC-PACS is also committed to meeting the educational needs of a wide variety of learners and organizations, including credit and non-credit courses, workshops, academic conferences, certification programs, executive academic programs and academically-rich professional training services.
