FRATERNITY AND SORORITY PROGRAMS AND SERVICES STANDARDS OF EXCELLENCE (SOE) & GREEK AWARDS

2025 Submission Guidelines

OVERVIEW

The Standards of Excellence (SOE) initiative began in 2010 to renew focus on the core principles among all Greek organizations. This initiative was a response to a joint effort from staff, students, and the governing councils to build a process that would unify the goals and values of all chapters and to recognize the community for their varied contributions. SOE aims to set a minimum threshold for expectations of our campus fraternities and sororities while building pathways for excellence and development.

The result was 5 areas of excellence that represent not only the goals of chapters, but also Fraternity and Sorority Programs and Services (FSPS) and our commitment of providing **safe, meaningful, and transformative** membership experiences.

The areas of excellence include:

- Chapter Operations
- Education and Programming
- Academics and Scholarship
- Campus and Community Engagement
- Service and Philanthropic Giving

Each calendar year, chapters have the ability to earn 100 points. FSPS provides training, aid, resources, and guidance for all fraternal organizations to meet the SOE requirements. **All chapters at the University of Oklahoma are required to participate in the Standards of Excellence program to remain in Good Standing.**

Chapters that fall in the Unsatisfactory standing will work with FSPS to develop a performance improvement plan for the organization to meet the minimum standards. We will share SOE scores with inter/national organizations and local volunteers. SOE scores are also shared in the Greek Scorecards listed online.

STATUS BREAKDOWN	
Chapter of Distinction	The organization(s) with the highest point totals in their governing council
Gold Level Excellence	Organizations attaining 95 - 100+ points
Silver Level Excellence	Organizations attaining 85 - 94 points
Bronze Level Excellence	Organizations attaining 75 - 84 points
Satisfactory	Organizations attaining 70 points*
Unsatisfactory	Organizations scoring 69 or fewer points
Provisional	Newly established organizations or organizations with an SOE exemption

Point availability may depend on a variety of factors. FSPS will determine point availability and eligibility on case-by-case situations.

Standards of Excellence submissions are due the final Friday of the fall semester at 5:00 PM.
